Are you able to help me find a contractor to execute my design?

Absolutely! We're on hand to help you find a trustworthy contractor who can put your design into action. When you're done with the design phase and ready for the next step, just let your design team know. We'll then connect you with a local contractor who can install your design.

FAQ

Are revisions included in the package?

Absolutely! The botanical package includes one round of revisions plus a follow-up consultation with your designer to perfect any last-minute details.

FAQ

Do you only design in certain styles? How about my style?

We offer a broad selection of expert designers skilled in various landscape styles, we guarantee that we have a designer who specializes in your specific aesthetic.

How are plants chosen for my specific location and needs?

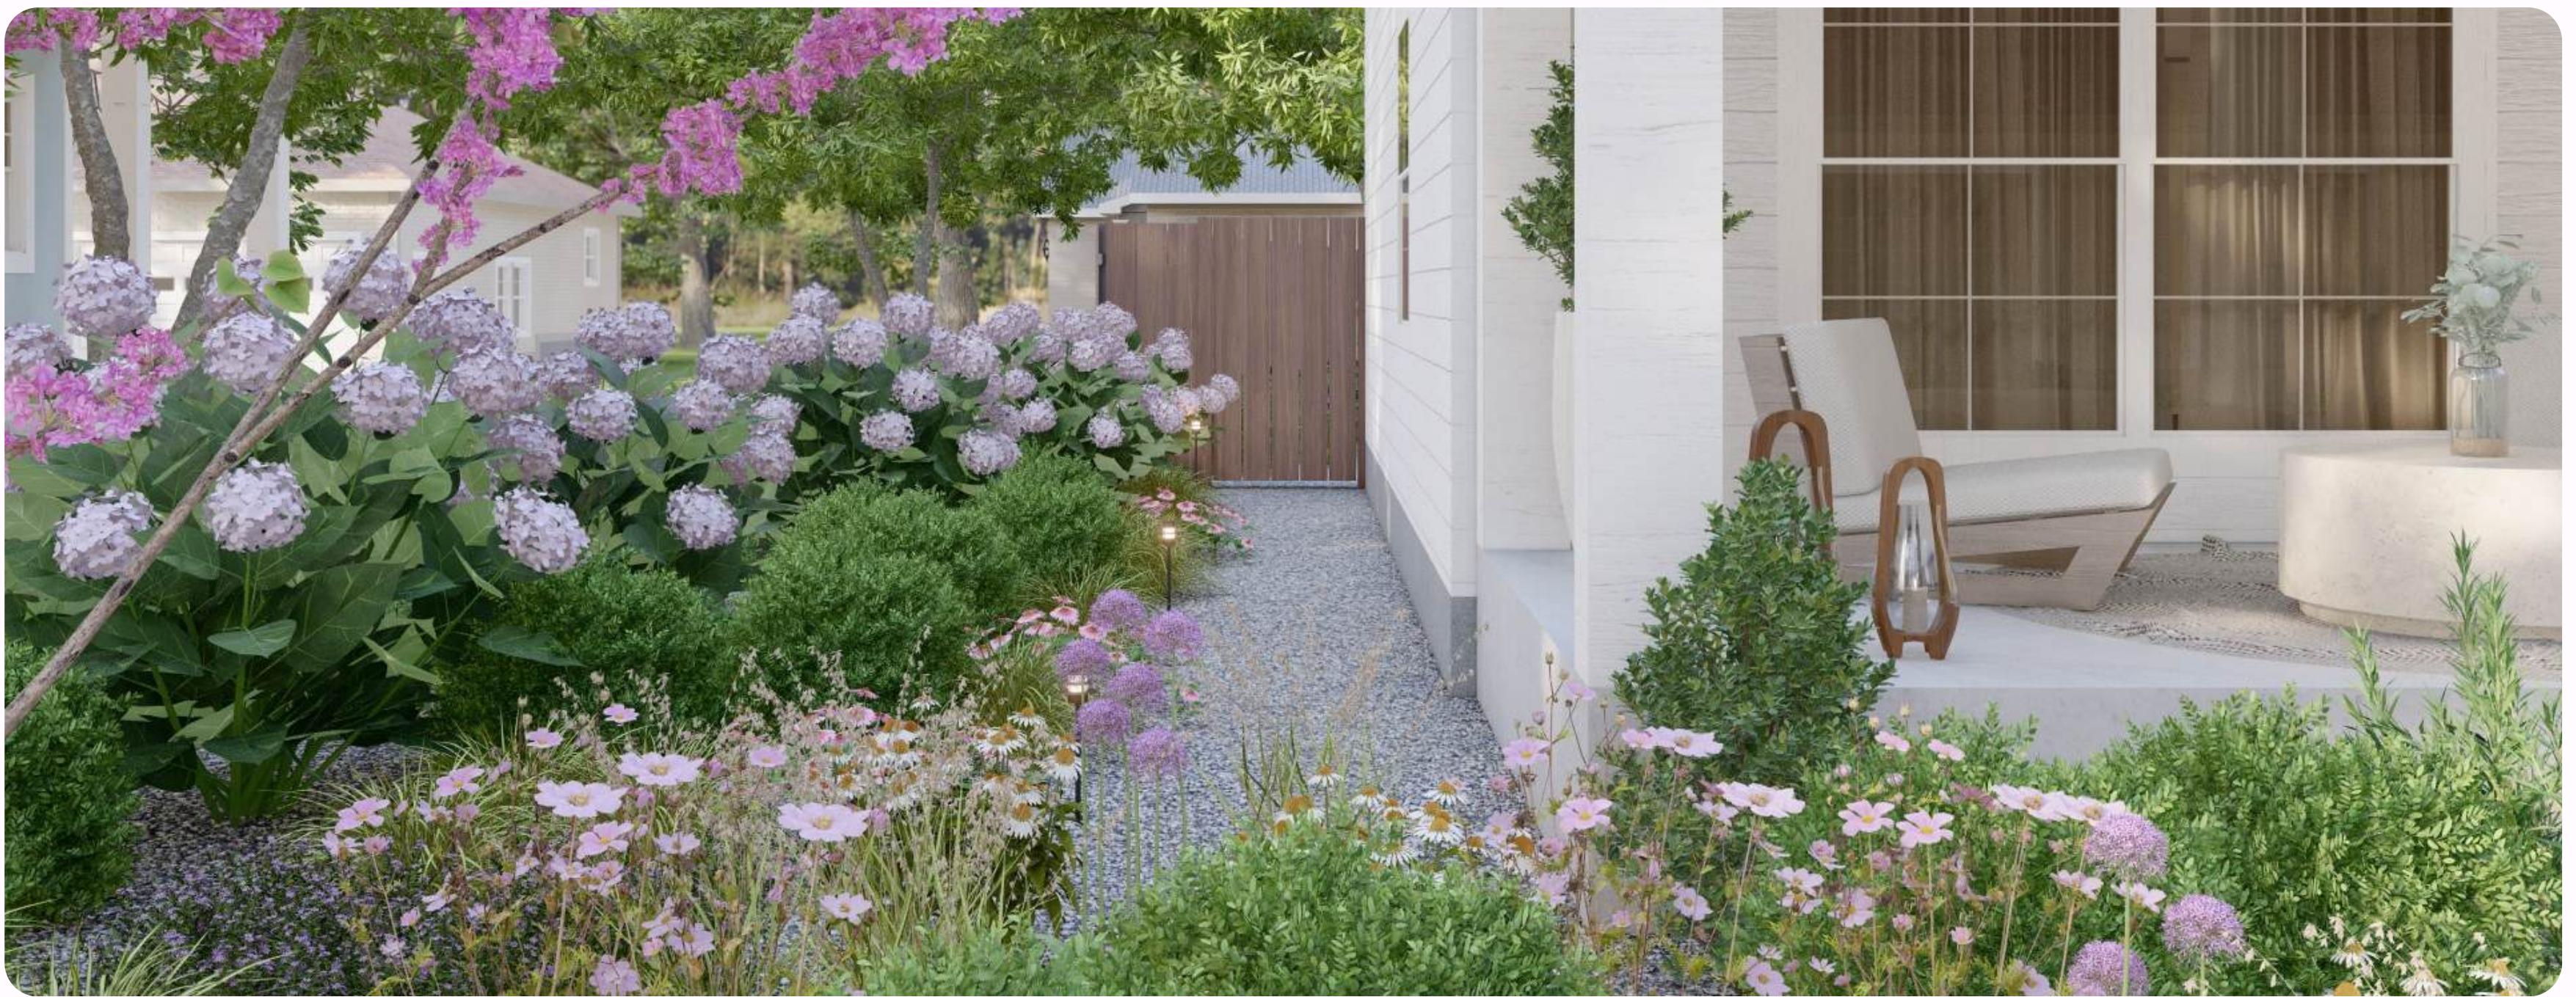

Your designer will ensure that the selections are zone-appropriate. We choose plants based on your USDA planting zone and care requirements, from low water to natives only.

FAQ

Am I required to use your contractor for installation?

No, you're free to choose any contractor you prefer. Our designs are standard landscape plans that any professional can implement.

FAQ

Will I receive a cost estimate for the design installation?

Yes, we provide a rough estimate for installing your design. We can also connect you with a contractor for a more precise on-site estimate.
