La Naveda is a place unlike any other. Located east of Corullón, at an altitude of 550 metres, it is home to four small, extraordinary vineyards, close to each other, each with its own unique morphology. This incomparable area attracted us with its coolness and later ripening. When we discovered it, we immediately recognised its potential to produce an extraordinary wine.

Tasting notes: Imalia La Naveda offers an elegant bouquet of forest fruits, blended with notes of cherry and flowers. On the palate, it is velvety, deep and persistent, with a fresh yet intense aftertaste.
