

Plan for a Successful America

Vision: A Successful America

A future that will maximize happiness for all

A Government that Represents Everyone and recognizes equal human value for all people through dignity and respect

An Economy that Benefits Everyone and recognizes a fair economic value for all people while providing maximum economic efficiency

A Society that Respects Everyone and recognizes the collective goodness of people through our faith in God

Goals: Truth and Transparency

What we need to achieve our Vision

Informed Voters who elect qualified and trustworthy leaders with integrity and honesty, the skills and experience for the role and responsibilities, and the wisdom required to find balanced solutions for issues and opportunities facing America

Informed Employees who require corporations to balance the interests of the upper class (shareholders) and the working class (employees and consumers) to achieve maximum economic fairness and efficiency

Informed Citizens and Representatives who respect the rights of others who are different, or hold different beliefs on issues, and accept the need to balance those differences for the common good

Approach: An Informed Citizens Commission

How we will accomplish our Goals

A Voter Information Division to ensure accurate and meaningful candidate information for voters so they elect qualified and trustworthy leaders who will balance their own self-interests with citizens' interests and will enact balanced legislation that minimizes challenges and maximizes opportunities for all citizens

An Employee Information Division to ensure accurate and meaningful corporate information for employees so they can choose corporations that balance the interests of the top 10% of Americans (shareholders) and the 90% (employees and consumers)

Citizens Research Services Division to ensure accurate and meaningful information on key issues and guidelines for all citizens so they can respect the viewpoints of others and achieve a society that respects everyone
