

# ATLANTA BUSINESS ACTION TO END HIV

A HEALTH ACTION ALLIANCE INITIATIVE

## Atlanta Community Partner Directory

Atlanta Business Action to End HIV is a local chapter of the national U.S. Business Action to End HIV coalition, established in areas with high HIV incidence and a strong business presence. These chapters work to bridge the gap between businesses and public health communities, addressing local HIV challenges through coordinated efforts.

The Community Partner Directory is a resource for businesses to connect with community organizations working on the front lines of HIV in Atlanta. It includes health departments, HIV service organizations, faith-based groups, and other community-based organizations. Each listing details how these organizations are willing to partner with businesses to make a meaningful impact and strengthen the local HIV response.

Community partner collaboration opportunities with local businesses include:

**Workshops and Training:** Conduct workshops for employees or employee resource groups on HIV prevention and care (available on-site or virtually).

**Educational Campaigns:** Partner on campaigns for employees or customers, creating content for print, radio, and social media to raise awareness about HIV testing, prevention, and treatment resources.

**HIV Testing:** Provide on-site HIV testing, counseling, and linkage to care, or invite employees to access testing services with incentives.

**Thought Leadership:** Offer guidance and community insights to businesses developing strategies to address gaps in HIV service delivery.

**Volunteer Opportunities:** Host local employees as volunteers at specific events throughout the year.

**Financial Support:** Benefit from donations, charity events, walkathons, or other fundraising efforts.

**Advocacy:** Collaborate to advance state and local HIV policy initiatives.

## ABOUT:

The Center for Black Women's Wellness is a community-based, nonprofit organization committed to improving the health and wellbeing of underserved Black women and their families. We offer low cost/no cost healthcare, health promotion programs and events, maternal and child health programming, and economic wellbeing services.

### ABOUT:

Dr Lulu's Angel's Haven is a nonprofit organization committed to creating a brighter future for LGBTQ+ children and youth experiencing houselessness. Through our three pillars—educating communities on LGBTQ+ allyship, advocacy, and affirmation; mentoring and supporting unsheltered and unhoused youth; and providing safe, affirming homes—we aim to empower these young individuals to thrive and live authentically.

## ABOUT:

The Global Trans Equity Project (GTEP) is dedicated to championing the dignity, rights, and well-being of transgender people across the United States. GTEP provides an array of services focusing on health equity, particularly around HIV prevention and care, and reducing stigma within and outside the transgender community. We serve transgender individuals, healthcare providers, and policymakers, providing them with the tools and knowledge to support equitable health outcomes and foster a more inclusive society.
