NEW AND IMPROVED - *PATENTED PUSH-TOGETHER SYSTEM*
Push slat in at angle.
Push in and rotate slat down into position.

ABOUT ELITEFENCE

An innovative modular aluminium fencing system featuring a patented push-together design for fast, hassle-free installation. With its unique friction-fit slat system, there's no need for individual slat fastenings (aside from the top slat retainer), resulting in a sleek, seamless appearance.

Designed for versatility, EliteFence allows you to create custom fence widths and heights with ease. The system includes 9mm standard Spacer Blocks for easy slat adjustment, and optional 20mm Spacer Blocks are also available (sold separately) for added flexibility.
EliteFence can be easily fabricated on-site using standard aluminium cutting tools, making it ideal for a wide range of outdoor and landscaping projects.

Available in a selection of contemporary powder-coated colours, EliteFence delivers both style and durability – the perfect solution for your next fencing project.

TYPICAL APPLICATIONS

» Residential, commercial, landscaping, privacy perimeter/boundary fencing and screening applications

COLOUR RANGE
(Powder Coated)

Satin Black   Charcoal   White
