A POWERFUL HERITAGE

For over 65 years we've put our customers at the heart of everything we do. From our foundation in 1958, and the introduction of our first modernised wheel loader in 1966, we've built our reputation for designing and building a tough range of machines that help our customers do more and earn more.

Customer insight has inspired our engineering and manufacturing to deliver machines which are tougher and more reliable, easier to control, and are at the forefront of intelligent technology. Today, our customer inspired range includes more than 30 different product lines covering all major construction applications.

Across the world, from the searing heat of the Sahara, to the unforgiving cold of the Antarctic, our machines are making a difference. Tough and nimble, intelligent and adaptable, our world class design always has, and always will, put our customers in control.

ELECTRIC WHEEL LOADERS

Electric loaders are representative products of LiuGong Electric Pioneer. The electric loader system adheres to the concept of green and efficient design. By eliminating cumbersome diesel systems, it provides customers with higher economic value. Human-centered intelligent design provides customers with a more excellent operating experience.

MODEL	BATTERY TYPE	WEIGHT	POWER	BUCKET CAPACITY	BREAKOUT FORCE
820TE	LFP	7000 kg	50 kW	1.2 m ³	61 kN
838TE	LFP	12,900 kg	120 kW	2.3 m ³	125 kN
848TE	LFP	18,591 kg	160 kW	2.7 m ³	141 kN
856HE	LFP	20,600 kg	160 kW	3.5 m ³	165 kN
870HE	LFP	24,640 kg	160 kW	4.7 m ³	220 kN
8110TE	LFP	35,300 kg	180 kW	6.2 m ³	317 kN

Built for your application from the factory. Our machines can be configured to suit a wide range of industries and operating environments, ensuring the right setup for maximum performance, safety, and productivity from day one.

Available factory options include:

- Waste handling specifications
- Fertiliser and corrosive environment packages
- Multiple bucket and attachment configurations
- Longer boom and extra-long boom options
- A wide range of tyre choices to suit site conditions
- Additional safety and visibility features

Whatever the application, D&H Equipment can supply a machine tailored to your operation.

ELECTRIC EXCAVATORS

LiuGong launches a new generation of electric excavator products: while maintaining excellent operability and diversified functions, the three electric systems are newly customised and developed. Not only is it more energy-efficient, environmentally friendly, quiet. and comfortable, but it also reduces operating costs for users while improving the convenience of construction.

MODEL	BATTERY TYPE	POWER	WEIGHT	BUCKET CAPACITY	BREAKOUT FORCE
9027FE	LFP	16.5 kW	2,750 kg	0.08 m³	20 kN
922FE	LFP	165 kW	24,100 kg	1 m³	153 kN

ELECTRIC SKID STEER

Compact footprint, full-size capability. LiuGong skid steers move quickly between tasks — pallets, gravel, demolition or finishing work — with quick-attach versatility and a tight turning circle.

MODEL	BATTERY TYPE	POWER	WEIGHT	BUCKET CAPACITY	BREAKOUT FORCE
385BE	LFP	100kW	4,820 kg	0.5m³	29 kN

ELECTRIC DUMP TRUCKS

Our Design and R&D Teams are driven to produce the widest possible range of electric vehicles with the toughness, intelligence and performance you would expect from LiuGong.

MODEL	BATTERY TYPE	POWER	WEIGHT	OPERATING LOAD	BODY CAPACITY
DR50CE	LFP	500 kW	50,000 kg	50,000 kg	35 m³

ELECTRIC GRADERS

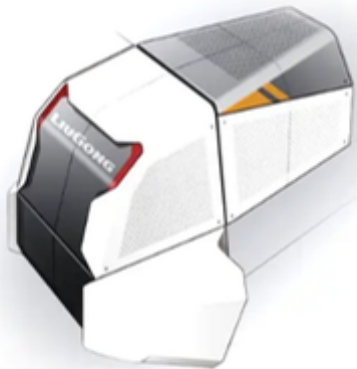

Our Design and R&D Teams are driven to produce the widest possible range of electric vehicles with the toughness, intelligence and performance you would expect from LiuGong.

MODEL	BATTERY TYPE	POWER	WEIGHT	BLADE LENGTH
4280DE	820TE	423kW	24,000 kg	4,270 mm

WE ARE A WORLD LEADER IN BEV DESIGN AND R&D

Our Design and R&D Teams are driven to produce the widest possible range of electric vehicles with the toughness, intelligence and performance you would expect from LiuGong. Sharing our Red Dot award winning design DNA, our BEVs have already been awarded with Top 50 Innovation Gold Award in 2021 and Top 50 Energy Gold Award in 2022.

DIESEL WHEEL LOADERS

When it comes to wheel loaders, trust the LiuGong expertise. With over 65 years of experience in making wheel loaders, LiuGong prides itself on reliability and durability. Get your projects done on time and on budget with LiuGong's top selling line of wheel loaders.

MODEL	ENGINE	POWER	WEIGHT	BUCKET CAPACITY	EMISSIONS RATING
820T	Yanmar	54 kW	6,800 kg	1.2 m3	Stage V
838T	Cummins	115 kW	13,500 kg	1.9 m³	Tier 3
848T	Cummins	133 kW	15,800 kg	3.0m³	Tier 3
856T	Cummins	168 kW	19,830 kg	3.5 m³	Tier 3
870T	Cummins	162 kW	24,300 kg	3.5 m³	Tier 3
886T	Cummins	175 kW	26,800 kg	4.0 m³	Tier 3
890T	Cummins	261 kW	31,750 kg	5.4 m³	Tier 3
8128H	Cummins	418 kW	52,100 kg	7.0 m³	Tier 3

Built for your application from the factory. Our machines can be configured to suit a wide range of industries and operating environments, ensuring the right setup for maximum performance, safety, and productivity from day one.

Available factory options include:

- Waste handling specifications
- Fertiliser and corrosive environment packages
- Multiple bucket and attachment configurations
- Longer boom and extra-long boom options
- A wide range of tyre choices to suit site conditions
- Additional safety and visibility features

Whatever the application, D&H Equipment can supply a machine tailored to your operation.

DIESEL EXCAVATORS

LiuGong excavators deliver the perfect balance of performance, precision and quality. Enhanced power output, improved breakout force and faster cycle times coupled with outstanding durability all add up and deliver to your bottom line.

MODEL	ENGINE	POWER	WEIGHT	BUCKET CAPACITY	EMISSIONS RATING
9017F ZTS	Kubota	11.8 kW	1,750 kg	0.015 m³	Stage V
9027F ZTS	Yanmar	15.2 kW	2,700kg	0.02 m³	Stage V
9035F ZTS	Yanmar	18.2 kw	3860 kg	0.06 m³	Stage V
9051F ZTS	Yanmar	35.5 kW	5,180 kg	0.137 m³	Stage V
9057F ZTS	Yanmar	35.5 kW	5,570 kg	0.06 m³	Stage V
909F CR	Yanmar	53 kW	9,500 kg	0.14 m³	Stage V
913F CR	Cummins	75 kW	14,900	0.5 m³	Tier 3
922F	Cummins	116 kW	22,800 kg	0.9 m³	Tier 3
925F CR	Cummins	116 kW	25500 kg	0.9 m³	Tier 3
926F	Cummins	145 kW	26,500 kg	1.1 m³	Tier 3
933F	Cummins	161 kW	34,300 kg	1.4 m³	Tier 3

LARGE DIESEL EXCAVATORS

Built for serious earthmoving and quarry production, our 40T–125T excavator range delivers the power, durability, and reliability demanded on high-production sites. Engineered to handle the toughest applications with confidence.

MODEL	ENGINE	POWER	WEIGHT	BUCKET CAPACITY	EMISSIONS RATING
936F	Cummins	231 kW	39,600 kg	1.8 m ³	Tier 3
939F	Cummins	214 kW	39,000 kg	2.0 m ³	Tier 3
942F	Cummins	231 kW	42,800 kg	2.1 m ³	Tier 3
952F	Cummins	298 kW	51,000 kg	3.2 m ³	Tier 3
965F	Cummins	331 kW	62,600 kg	4.1 m ³	Tier 3
975F	Cummins	391 kW	75,000 kg	5.0 m ³	Tier 3
990F	Cummins	447 kW	95,000 kg	5.6 m ³	Tier 3
995F	Cummins	447 kW	94,800 kg	5.6 m ³	Tier 3
9125F	Cummins	567 kW	122,000 kg	7.0 m ³	Tier 3
9135F	Cummins	567 kW	124,000 kg	8.0 m ³	Tier 3

DIESEL GRADERS

Multipurpose earthmoving equipment for road maintenance, levelling, fine grading and snow clearing. LiuGong graders pair refined hydraulic control with rugged, serviceable mechanicals — purpose-built for NZ contractors and councils.

MODEL	ENGINE	WEIGHT	POWER	TOP SPEED	BLADE LENGTH	EMISSIONS RATING
4140D	Cummins	12,500 kg	118 kW	42 km/h	3,660 mm	Tier 3
4180D	Cummins	15,500 kg	142 kW	40 kp/h	3,960 mm	Tier 3
4215D	Cummins	17,000 kg	162 kW	40 kp/h	4,270 mm	Tier 3
4230D	Cummins	17,000 kg	180 kW	42 kp/h	4,270 mm	Tier 3
4260D	Cummins	20,500 kg	194 kW	44 kp/h	4,270 mm	Tier 3
4320D	Cummins	31,300 kg	240 kW	36 kp/h	4,572 mm	Tier 3

01

PRECISE BLADE CONTROL

Electro-hydraulic joysticks with auto-return for repeatable accuracy.

02

CUMMINS POWER

Field-proven Cummins engines tuned for NZ fuel and conditions.

03

OPERATOR CAB

Pressurised, climate controlled cab with class-leading visibility.

BULLDOZERS

Robust power for tough terrains. From 16 tonne site-prep machines to heavy-duty 70 tonne push dozers, LiuGong dozers deliver consistent tractive effort, simple servicing and long-life undercarriages.

MODEL	ENGINE	WEIGHT	POWER	BLADE CAPACITY	STANDARD BLADE	EMISSIONS RATING
TD14N	Cummins	17,100 kg	120 kW	3.2 m ³	VPAT	Tier 3
LD20D	Cummins	17,500 kg	140 kW	4.5 m ³	Straight Tilt	Tier 3
LD20DL	Cummins	19,700 kg	140 kW	4.5 m ³	Straight Tilt	Tier 3
LD26D	Cummins	24,000 kg	184 kW	7,8 m ³	Straight Tilt	Tier 3
TD20W	Cummins	24,200 kg	205 kW	3.88 m ³	Semi-U	Tier 3
LD26DL	Cummins	26,000 kg	203 kW	7.8 m ³	Straight Tilt	Tier 3
LD36D	Cummins	40,000 kg	280 KW	11.7 m ³	Semi-U	Tier 3
TD25N	Cummins	41,500 kg	280 kW	9.6 m ³	Semi-U	Tier 3

LD60D	Cummins	70,800 kg	455 kW	18.9 m ³	Semi-U	Tier 3

"Built to push every shift, every season — through clay, scoria and stone."

LiuGong bulldozers are available with multiple blade, ripper, and track shoe options to match your application and ground conditions. Contact your local sales representative for a personalised quote.

DIESEL DUMP TRUCKS

Robust, reliable and designed for heavy-duty hauling. LiuGong off-road dump trucks shift volume in mines, quarries and major earthworks — engineered for steep grades, abrasive loads and long shifts.

MODEL	ENGINE	WEIGHT	POWER	PAYLOAD	STRUCK CAPACITY
DA45C	QSM15	33,000 kg	563 kW	41,000 kg	20.2 m ³
DR50C	QSX15	36,800 kg	388 kW	45,000 kg	21.8 m ³

01	02	03
TOUGH FRAME Box-section chassis built for cyclic load.	SMART HYDRAULICS Fast tip cycles, controlled lower.	OPERATOR COMFORT ROPS/FOPS cab, climate & suspension seat.

Pair LiuGong dump trucks with our wheel loaders and excavators for a fully matched hauling fleet — supplied, supported and serviced by D&H from our Cambridge base.

DIESEL SKID STEERS

Compact footprint, full-size capability. LiuGong skid steers move quickly between tasks — pallets, gravel, demolition or finishing work — with quick-attach versatility and a tight turning circle.

MODEL	ENGINE	WEIGHT	POWER	OPERATING LOAD	DRIVE TYPE
335C	Kubota	1,440 kg	18.49 kW	380 kg	Wheels
365B	Perkins	2,950 kg	34 kW	795 kg	Wheels
375B	Yanmar	3,100 kg	49.9 kW	865 kg	Wheels
385B	Yanmar	3,750 kg	61.3 kW	1,045 kg	Wheels
395B	Perkins	3,850 kg	70 kW	1,133 kg	Wheels
378C	Yanmar	4,200 kg	53.7 kW	998 kg	Tracks

01	02	03
QUICK ATTACH Universal coupler — buckets, forks, brooms, breakers.	VERTICAL LIFT Greater reach at full height for truck loading.	TIGHT TURN Zero-radius pivot for confined site work.

DIESEL ROLLERS

Perfect compaction for every construction project. From single-drum soil compactors to tandem asphalt rollers, LiuGong rollers deliver consistent vibration, smooth control and durable drum systems.

MODEL	TYPE	WEIGHT	POWER
6027F	Double Drum	2,700 kg	25.7 kW
6032E	Double Drum	3360 kg	27.3 kW
6608F	Single Drum	8,000 kg	74 kW
6613E	Single Drum	13,200 kg	119 kW
6615E	Single Drum	15,000 kg	119 kW
6618E	Single Drum	18,300 kg	140 kW
6520E	Pneumatic Tire	20,000 kg	97 kW
6622E	Single Drum	22,000 kg	140 kW
6524E	Pneumatic Tire	24,000 kg	97 kW

SOIL COMPACTION

Single-drum vibratory rollers for sub-base, fill and large civils.

ASPHALT COMPACTION

Tandem and pneumatic rollers tuned for wear-course and seal work.

FORKLIFTS

Elevate your material handling. LiuGong's forklift range spans 1.5 – 25 tonne capacities — diesel, LPG and full-electric — for warehousing, ports, lumber yards and heavy industry.

CATEGORIES	POWER SOURCE
3 Wheel 1.5 - 2t	Electric
1.8t - 5t Class	Petrol/LPG/Diesel/Electric
5t -12t Class	Diesel/Electric
12t - 25t Class	Diesel
All Terrain Forklifts	Diesel
Reach stackers	Diesel/Electric

Every forklift class is available in a range of configurations. Get in touch with your local representative for a tailored quote on the right machine for the job.

WE PROVIDE SOLUTIONS FOR BUSINESSES.

D&H Equipment is more than a dealer. We partner with NZ contractors, quarries, councils and developers to size the right fleet, secure finance, install on-site infrastructure, and keep machines running — for the life of the asset.

100%

NZ OWNED & OPERATED

24/7

AFTERSALES SUPPORT

3X

PARTS HUBS

BUILT AROUND YOUR OPERATION.

From a single mini-excavator on a residential build through to a fully electric quarry fleet, our team scopes the solution end-to-end. Talk to us about:

ASPHALT PLANT SOLUTIONS

Compaction fleets, loaders and material handlers matched to your throughput — sized for the spec, not over-spec'd.

CONCRETE PLANT SOLUTIONS

Loaders, skid-steers and forklifts configured for batching plants, with parts and service contracts to match.

BEV CHARGING INFRASTRUCTURE

Site assessment, charger specification and install support for LiuGong's electric range — turn-key zero-emissions fleets.

QUARRY & MINING FLEETS

Excavators, dump trucks and ancillaries matched as a system — production targets meet uptime targets.

FINANCE & LEASING

Flexible finance pathways through our partners — get working today, not later.

PARTS & SERVICING

Genuine LiuGong parts stocked NZ & AU, with timely service to minimise downtime.
