

COMPACT LED DRIVER

12VDC ZF120A-1200500-EVO

POWER & CONTROLS // COMPACT LED DRIVER

Product Description: This Compact LED Driver is great for powering lighting controls and other low wattage devices.

FEATURES

- Step 100-240VAC down to 12VDC low voltage
- Super small size fits easily in compact spaces
- Great for providing low voltage power to lighting controls

ELECTRICAL

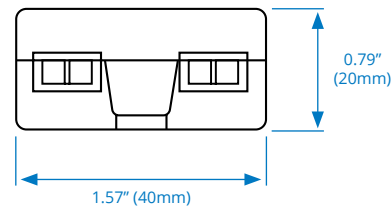

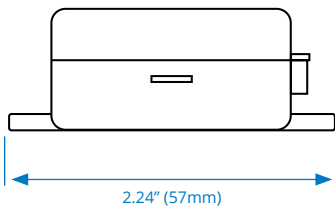

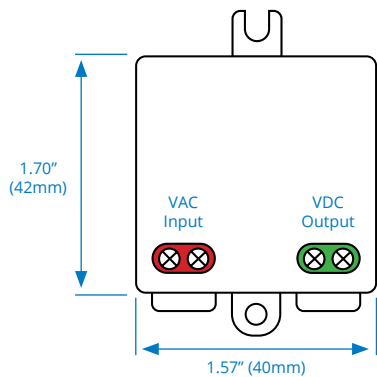

Input Voltage	100-240VAC, 0.2A
Working Frequency	50/60Hz
Output Current	500mA max current
Output Voltage	12VDC constant voltage
Maximum Load	6W
Minimum Load	N/A
Environment	Indoor, dry locations only
Dimensions (LxWxH)	1.7" x 1.57" x 0.79" (42 x 40 x 20mm)

PRODUCT CONTENTS

12VDC Compact LED Driver.
