“Measles: Fever, Rash, Risk Isolate, & Report” Webinar

Date: Tuesday, October 27, 2026

Time: 12:00 PM - 12:45 PM CST

Registration: This WCHQ event is open to the public. Registration is required but there is not a fee to participate.

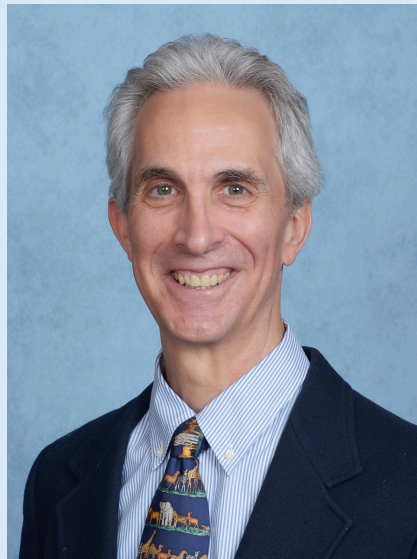

REGISTER

Contact Information: Please contact jkoberstein@wchq.org with any questions.

Learning Objectives:

1. Recognize measles symptoms and exposure risks
2. Review steps to prevent spread - when to isolate, report, and test patients with suspected cases
3. Make clear vaccine recommendations and address patient concerns

Featured Speaker:

Paul Hunter, MD

Paul Hunter, MD is a Professor in the University of Wisconsin Department of Family Medicine and Community Health. A family physician with more than three decades of experience, Dr. Hunter has combined clinical practice with public health leadership, medical education, and vaccine advocacy. He earned his bachelor's and medical degrees from the University of Wisconsin–Madison and completed his family medicine residency in Eau Claire. Dr. Hunter serves as a physician in UW Health primary care clinics and as a medical consultant to the Milwaukee Health Department. After 15 years directing the Acting Ambulatory Internship, he continues to teach and mentor medical students and clinicians. He is passionate about preventive care, translating public health recommendations into clinical practice, and helping healthcare professionals communicate confidently and compassionately about vaccination.
