## DESIGN IS IN THE DETAILS YOU **DON'T** SEE

Imagine arriving home to a well-lit driveway. Upon entering the door, with the foyer lights turned on. Temperature is just right; the news is on the TV and music is playing in the bedroom. Virtually every electronic device in the home can be automated. Entertainment, temperature, lighting, or security can be controlled with the touch of a button – even when you're away from home, you can access its functionality.
