

CAPTURIANT™

Leading the Way to Carbon Neutral

Capturiant Advisors is a premier consulting firm dedicated to helping companies navigate the complexities of carbon offsetting, environmental disclosure, and regulatory compliance. We leverage our deep understanding of the environmental assets sector and regulatory landscape to provide customized solutions for each client.

Our Solutions and Expertise

Credit Reliability:	Are these projects legitimate?
Credit Costs:	Overpaying for carbon credits?
Offsetting Strategy:	How best to achieve carbon neutrality?
Disclosure:	What needs to be reported? How? To whom?
Risk Management:	What if an offsetting project fails?
Compliance:	Do policies and procedures meet regulatory requirements?

At Capturiant Advisors, we help you answer these questions and more, and turn potential challenges into opportunities. Choosing to work with Capturiant means choosing a partner who understands your carbon offsetting concerns and knows how to address every concern effectively.
