

www.1transfer.io

The blockchain transfer agent for the digital world

1transfer is an SEC-registered blockchain transfer agency. Through a consortium of ATS's, BDs, cryptocurrency protocols, and fintech operators, 1transfer will create a utility function with the goal to become a leading technology for the transfer agency space.

Our focus is our collaborative effort of commonality and standardization. Members, clients, and partners will be able to save time and energy, as well as avoid redundancy.

Problem with Traditional Transfer Agents

- Inefficient
- Paper-based
- Poor communication

Solution

- Agnostic tech stack
- Online API solutions
- Low manual input
- Blockchain-enabled

Business Model

- Low-pricing
- Business Enhancer
- Margin business
- Volume discount
