

**On JANUARY 28, 2026, the International Emergency Campaign to Free Iran's Political Prisoners NOW (IEC) together with the Unitarian Universalists of San Francisco Human Rights Working Group (HRWG) invite you to**

**STAND WITH IRAN'S REBELS & AGAINST U.S.-ISRAEL  
WAR THREATS/MOVES ON IRAN! FREE IRAN'S  
POLITICAL PRISONERS NOW!**

**With an 8-9 AM VIGIL and a 6-9 PM FILM SHOWING—*INSIDE  
THE IRANIAN UPRISING* (2022)**

**1187 Franklin Street, San Francisco, CA**

These are special events to mark what would be the 104<sup>th</sup> week of the courageous “No to Execution Tuesdays” weekly hunger strike by thousands of prisoners in scores of prisons across Iran. These selfless and brave prisoner rebels are the conscience of the society and call to us.

Iran's theocratic regime has executed over 2,000 prisoners in 2025, the most in 20 years, and is now conducting brutal round-ups and street executions amid a new, sustained mass uprising since December 28, 2025. As of January 14<sup>th</sup>, over 2400 people have been reported to have been killed, thousands injured, and at least ten thousand in custody under horrific conditions. The situation is unfolding as we write. Letters from prisoners vow to continue their struggle amid all this.

On January 28 we will stand with those who are bravely standing up in Iran's prisons and protesting in the streets for a better world. Their struggle is our struggle.

As people living in the U.S. we have a special responsibility to oppose the vicious war threats by fascist Trump against Iran which can only bring more suffering to the people there. In June 2025, Israel and the U.S. bombed Iran in an unprovoked attack. They bombed Evin prison which houses most of Iran's political prisoners! Trump's latest threat to attack Iran to “save its peaceful protesters” is very serious, and could potentially lead to a regional or even world conflagration. No one should forget that the U.S. has shown it will use nukes on civilians, as they did in Japan. The U.S. has over 5,000 nukes!

**We will mark this moment with two events:**

- On the morning of **Wednesday, January 28**, at **Franklin and Geary Streets** in San Francisco from **8-9 AM** the UUSF weekly vigil. Bring signs and banners that express solidarity with Iran's prisoners and protesters, and opposition to U.S.-Israel war threats.
- Later that evening from **6-9 PM**, we'll show the PBS Frontline documentary "*Inside the Iranian Uprising*," in the **UUSF's TSK room** about the powerful 2022 Woman, Life, Freedom uprising. It is both timely and relevant as millions rise up in Iran to demand an end to the *whole oppressive regime*—versus battling against one atrocity after another.

Urgent questions about the future of Iran, the region, and the world pose themselves to people of conscience.

After the film there will be solidarity statements, a Q and A session, and community mingling. (send statements to [freeiranspoliticalprisonersnow@gmail.com](mailto:freeiranspoliticalprisonersnow@gmail.com)).

From diverse political perspectives, we treasure our unity in our common cause for justice:

**We demand of the Islamic Republic of Iran: FREE ALL  
POLITICAL PRISONERS NOW!**

**We say to the US government: NO THREATS OR WAR MOVES  
AGAINST IRAN! LIFT SANCTIONS!**
