FYFFES FITTEST SCHOOL

THE BANANA POWERED PATH

Get active with the Fyffes Fittest School competition! Follow the path of warm-ups, workouts, challenges, and cool-downs to earn banana points and power up your fitness journey!

LESSON PLAN WEEK 3

FIT BLITZ

The third Fit Blitz is going to be for 3 minutes. All you need is a clock, some space and energy!

EXERCISES:

BROAD JUMPS KNEE TO ELBOW

Aim: To keep moving, maintain form and count how many rounds you get within 3 minutes.

One round = 5 Broad Jumps + 10 knee to elbow

Adaptation:

Jump up and down or small distance forward

Step forward with big step if too difficult

March on the spot

Progression:

Squat position after jumping

Increase the distance

Slow movement where knee touches elbow and core muscles tight

Complete this for 3 minutes and count your rounds. Take a rest for 1-2 minutes and repeat if desired.

FYFFES FITTEST SCHOOL MINUTE MADNESS

LESSON PLAN WEEK 3

In our minute madness we are going to exercise for 30 seconds and have 30 seconds rest. Complete as many rounds as possible in the 30 seconds. Take 30 seconds rest and begin on the next minute. Complete this 5 times.

Exercises:

RUNNING

BURPEES

One round = 10 second running + 5 burpee

Aim: To exercise as fast as you can while keeping perfect form. Keep exercising until the time stops. Take big deep breaths in between and try to keep the same score/speed as the first round.

Adaptation:

Walk or take small breaks from running

Take rests or step out in a burpee.

Progression:

Running fast with arms and legs working together

Increase speed and jump at the top. Full burpee with body all the way to the ground

Complete this for 5 minutes and try to get the same distance/speed in running and number of burpees as first round.

FYFFES FITTEST SCHOOL CHALLENGE 2

ANIMAL RELAY

This challenge is for teams. Have groups of 4 or 2 teams to create a fun animal relay.

What you need: Floor space. This should be done in a large space to allow for longer distances of movement.

Aim: To get children to do perfect movement, controlling movements and working as a team cheering each other on.

Challenge: 4 animal movements

**CRAB WALK
FLAMINGO HOP
CHEETAH RUN
LEAPFROG**

Children will complete one animal up, another back until all children have had a turn of completing all animal movements. This can be

1. All 4 animal movements completed by each child
2. Animal movements broken up into 2 different races. Example crab walk & flamingo hop as one race and cheetah run and leapfrog as another race.

Adaptation:

Change animals to suit each group / abilities

Progression:

Complete multiple times each or increase distance.

FYFFES FITTEST SCHOOL TEAM BUILDING 1

ROCK PAPER SCISSORS

Aim: To complete a fun team game that involves running and rock paper scissors!

All you need is space and 2 teams.

Teams line up behind each other. The leader of both teams competes rock paper scissors with their bodies until one wins. The winner must run up to a point and back again. For the movement they must complete 3 jumps (rock, paper and scissors) and then turn themselves into one.

The team who has all members back from running is the winner.

This can be a game of luck so you can change up the sequence to keep morale high!

Bonus points: Get the whole school / teachers involved!

**ROCK****PAPER****SCISSORS**

FYFFES FITTEST SCHOOL

COOL DOWN AND BREATHING TECHNIQUE

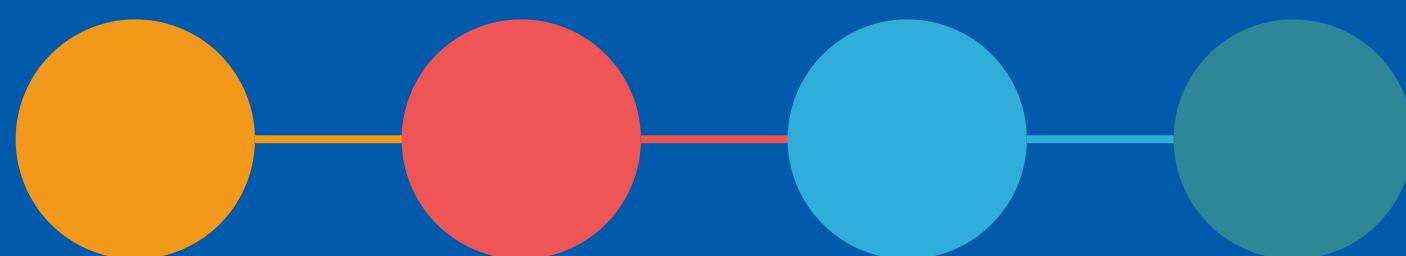

Breathing challenge

The reason for incorporating breathing exercises and a cool-down routine is that they help children regulate their heart rate, reduce muscle tension, and promote relaxation, allowing their bodies to recover more effectively and transition smoothly from physical activity to rest.

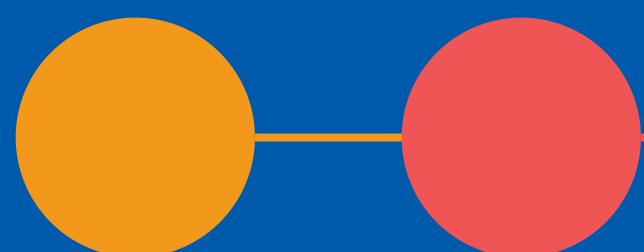

You can walk around and take deep breaths. Breath in for 4 seconds and exhale for 2 seconds and repeat.

Sample below:

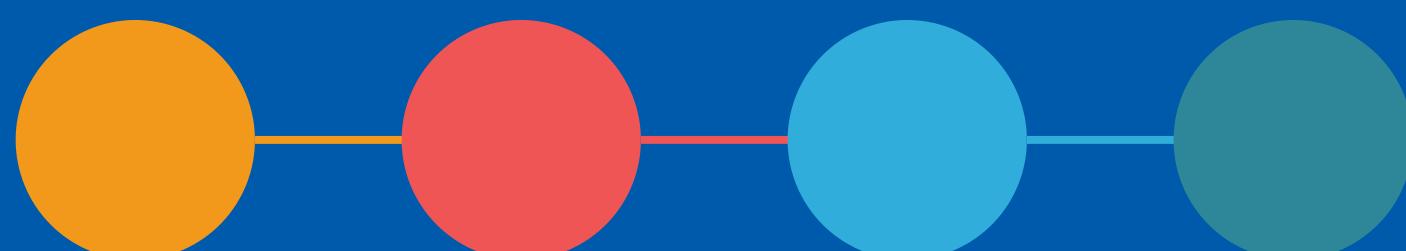

Inhale

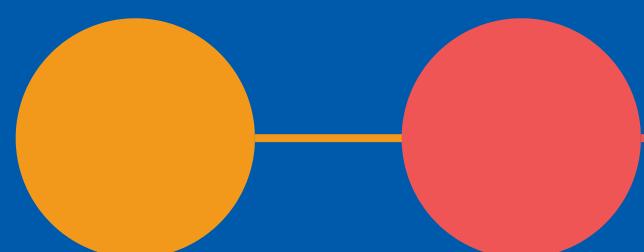

Exhale

Inhale

Exhale

FYFFES FITTEST SCHOOL

COOL DOWN 1

Head to toe stretch and breathe

Aim: To bring heart rate and breathing down to cool down from all exercises workouts.

Start off shaking your body from top to toe for 20 seconds

Lift your head up and down, side to side

Big breath in for 3 seconds, exhale slowly for 6 seconds

Shrug your shoulders up towards your ears and lower slowly

Gently sway arms and lift over head and slowly lower down

Big breath in for 3 seconds through your nose and exhale slowly for 6 seconds through your mouth.

Stretch arms across your body and alternate

Place hands on lower back and try to bring elbows close together.

Slowly bring chin to chest, roll shoulders forward and lowering arms to the ground.

Breath in for 3 seconds and exhale for 6 seconds

Hug arms together

Squat down and gently move sideways

Stand up and lift one foot behind. Balance and swap

Breath in for 3 seconds and exhale for 6 seconds

One foot our infront and stretch lower legs

Big breath in as bring arms overhead, exhale slowly as reach down to toes.
