LANBY

WHAT MAKES IT DIFFERENT

A Functional, Preventive Approach

Root-cause pediatrics that looks beyond symptoms to support immunity, digestion, development, behavior, and long-term resilience.

Your Dedicated Care Team

A Board-Certified Family Medicine Physician, Registered Dietitian, and Member Advocate collaborate on every child's care.

Direct Access & Ongoing Support

In-person and virtual visits, same-day appointments, and in-app chat with a team who truly knows your child.

Personalized Wellness Protocols

Tailored nutrition, supplement, microbiome, and lifestyle plans — practical, evidence-based, and family-friendly.

Vetted Specialist Network

We coordinate referrals and care so everything feels seamless and thoughtfully guided.

COMMON CONCERNS WE SUPPORT

- Recurrent colds, allergies, eczema, and immune challenges
- Picky eating, digestion, and gut health
- Behavior, mood, and emotional regulation
- Sleep and developmental milestones
- Nutrition, toxins, and environmental health
- Parental overwhelm and conflicting advice

Our role is to translate science into calm, confident parenting.
