Promoting Safety

Reducing Risk

Adding Value

Note 1. A SAFed Associate Member is working in one or more fields within the engineering testing, inspection or certification (TIC) sector. An Associate Member is not accredited by the National Accreditation Body of either the UK or Ireland but has demonstrated compliance with the principles of the international standards, notably management of competence, independence and impartiality.

Note 2. Verification of membership – all active SAFed members are listed at www.safed.co.uk/find-a-member
