## Graver Technologies: Build America, Buy America Act (BABAA) Compliance Statement

Graver Technologies confirms that its **Liquid Process Filters** comply with the **Build America, Buy America Act (BABAA)** requirements, as mandated for EPA's State Revolving Fund Programs. All listed filter products are manufactured in the United States.

### Compliant Product Families

The following families of Graver Technologies filters meet the BABAA standards:

- Citadel
- TefTEC
- WaterTEC
- ZTEC
- GFC
- GFP
- GSS
- High Flow
- PMA
- PMC
- PME
- PMG
- QCR
- QMA
- QMC
- QSL
- QXL
- CELLUTEC
- STRATUM
- CRYSTAL MBF
- MBC
- RTECG

### Basis for Compliance

Our filter products meet BABAA criteria because both their manufacturing processes and the components they use, including **membranes, plastics, and metals** - are domestically sourced and produced. This ensures that all covered products are made in the USA, fulfilling the Act's requirements for domestic production and content.
