**INSPIRE IDEAS, DRIVE IMPACT, AND
PREPARE OUR CITY FOR THE FUTURE.**

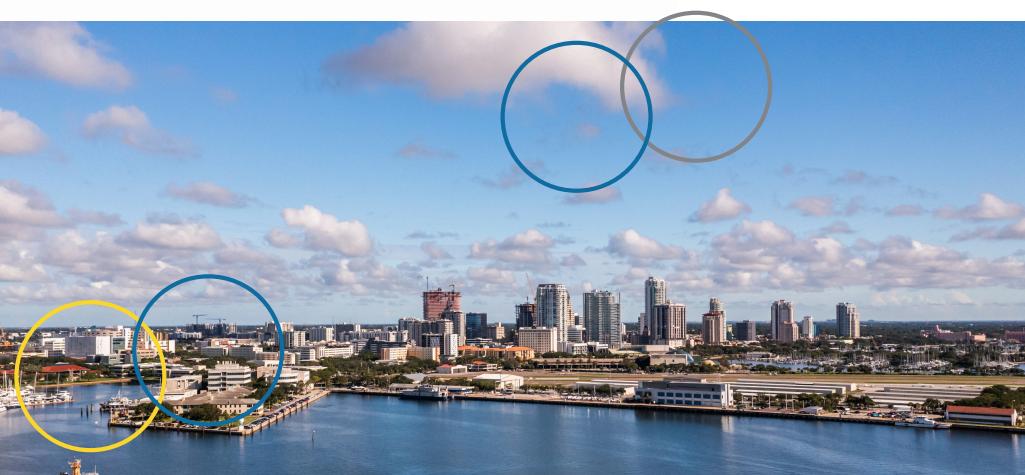

Shape the next decade of innovation

2026 marks a milestone for the St. Pete Innovation District: a decade of ideas, partnerships, and progress that will shape the future of our city.

What began as a bold vision – to merge research, talent, entrepreneurship, and community – has grown into a nationally recognized thought leadership hub that fuels discovery, drives economic growth, and improves quality of life.

At the heart of the District are world-class academic, industry, government, and nonprofit partners advancing breakthroughs in marine science, life sciences, national security, and technology. These organizations attract talent, expand research capacity, and create solutions with real-world impact.

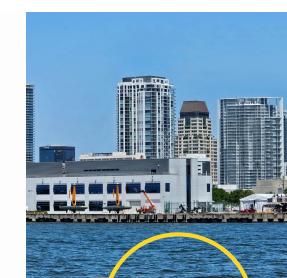

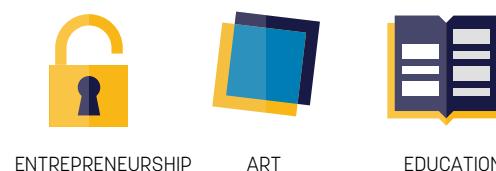

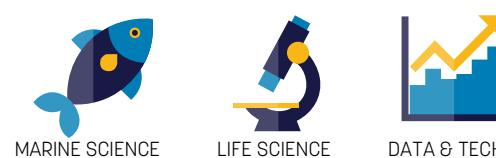

Over the past ten years, the District has become a living laboratory for what's possible when we come together with a shared purpose. As we launch our next decade of impact, we invite you to join us.

Strengthen our community

560 Acres	146 Property Owners	215 Businesses
\$146M Grant Funding	0.7% Geographic Share of City	\$1.38B Market Value of Property
147 Trademarks	108 Patents	9k Jobs <small>7% of the City workforce 8.5% Increase over 10 years 62.3% pay above median</small>

Expand our capabilities

Support projects that accelerate ideas

Expand the Ocean Economy

- Tampa Bay Ocean Team
- The Continuum Ocean Enterprise Accelerator

Fuel New Technologies

- Tampa Bay Innovation Ecosystem Map
- Healthcare Innovation
- Future Air Mobility

Amplify Transformational Ideas

- State of Science and Innovation
- Morning Sparks
- Communications Cohort

Create Spaces that Spark Collaboration

- Maritime and Defense Technology Hub
- spARK Labs (ARK Innovation Center)
- District Master Plan

Inspire Youth to Discover STEAM Careers

- St. Pete Science Festival
- Youth Tours and Programs
