Mizhinawe Report indicated strong responses around development of a trust and ensuring investment and growth

- ▶ Q1: How can community ensure settlement benefits future generations?
 - ▶ Money should be put into a trust that would grow over time
 - ▶ Trust should only spend or distribute interest earned
 - ▶ Put money into investments with medium-high interest, stocks, bonds to ensure money for future generations
 - ▶ Money in trust for minors should only be released if certain conditions met (ie. graduate, etc)
 - ▶ Trust needs transparency and to be overseen by trusted members
 - ▶ A second trust for annual payments to members (local annual annuity/ per capita)
 - ▶ to be used for business investing, with some shareholder dividends benefits

9

Additional Considerations

Sagamok Administration receives many requests for financial assistance throughout the year from on and off reserve members.

These requests demonstrate a clear need for member support that may want consideration in the development of a trust income distribution policy.

10

Current Financial Assistance Requests

Recreation & Sport Participation

- ▶ Fees for Organized Sports (Rec League, Minor Hockey, Competitive League)
- ▶ Costs to participate in sporting tournaments (Little NHL, All Ontario, North American Indigenous Games, etc)

Cultural / Language Participation

- ▶ Supports to travel to ceremony
- ▶ Supports to access traditional healers
- ▶ Language Conferences
- ▶ Cultural Workshops & Gatherings

Funeral Attendance

- ▶ Travel to attend non-member family member's funeral
- ▶ Family support for funeral and burial costs
- ▶ New Community Hall rental fee waive for wakes and funerals

Exceptional / Emergency Supports

- ▶ Elders stove wood
- ▶ Travel to accompany family in support of health emergencies
- ▶ Emergency support due to wildfire, flood
- ▶ Emergency Hardship Supports (accident, infestation, etc)

11

Engagement Components

12

13

Committee Make up

- A trust committee would need to be identified and utilized to oversee distribution of annual interest earned from the trust.
- The Committee would make a recommendation on the cash flow allocation to Chief and Council for approval each year.
- This will allow the committee to take into consideration the current environment and community needs, allocating more or less on an annual basis to different sectors. For example

Example Allocation Sector	Example Initial Allocation (Prior to Mar 31)	Example Updated Allocation (Prior to Nov 30)	Multi-Year Commitment
Individual Annual Distribution	XX%	XX%	No
Senior Support	XX%	XX%	No
Newborn Fund	XX%	XX%	Yes
Housing	XX%	XX%	Yes
Education	XX%	XX%	No
Health	XX%	XX%	No
Economic Development	XX%	XX%	No
Cultural	XX%	XX%	Yes
Legal for Land Claims	XX%	XX%	No
TOTAL	100%	100%	

- Once the cash flow allocation has been approved, the Committee would review each application submitted. The Committee could meet at least quarterly or more/less frequently, depending on number of applications submitted. The Committee could review the allocation prior to the end of the year to determine if any re-allocations are needed

14

Committee Questions

- ▶ Committees are generally between 5-10 members. Too many members risks delays in decision making. Too few members risks insufficient diversity of representation.
- ▶ **Q1 TRUST COMMITTEE STRUCTURE**
- ▶ How should the make up of the committee be considered?
- ▶ **Q2 COMMITTEE MEMBER CRITERIA**
- ▶ What criteria should be considered for appointment to the Trust Committee?

HAVE SOME DISCUSSION IN THE GROUP AND PROVIDE SOME COMMENTS AND CONSIDERATIONS

15

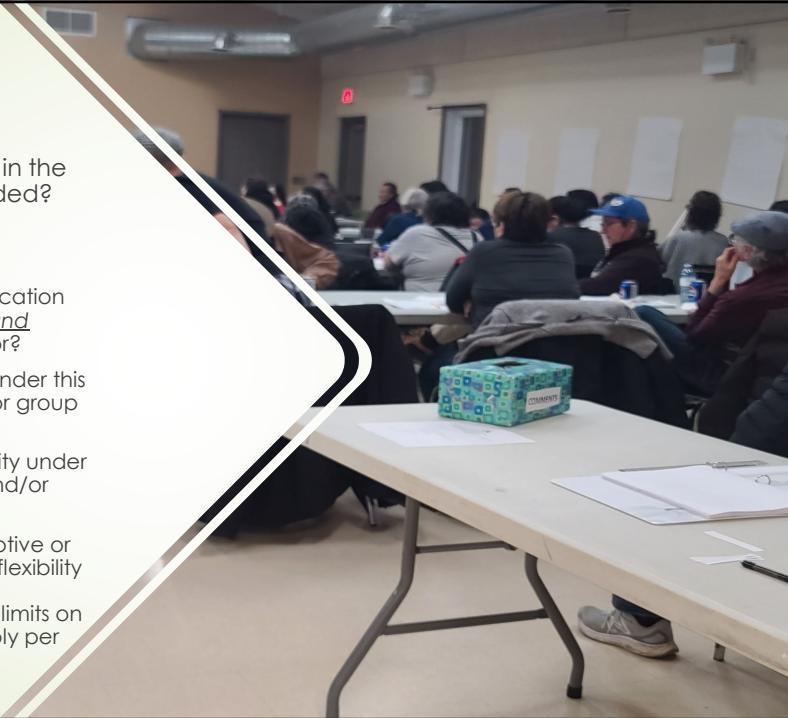

Committee Sector Possibilities

- ▶ Annual Member Distribution – every member could get an individual payment each year (ie Christmas)
- ▶ Newborn Fund – every new born baby could have an amount put into trust for them
- ▶ Senior/Chi-Anishnawbek – every senior (ie 65+) could receive an income supplement at certain intervals
- ▶ Art, Recreation & Sport – supporting individuals costs to participate and/or creating programs for members
- ▶ Culture & Language - supporting individuals costs to participate and/or creating programs for members
- ▶ Education - supporting individuals costs to participate and/or creating programs for members
- ▶ Health - supporting individuals costs to participate and/or creating programs for members
- ▶ Housing & Infrastructure - supporting building and or investing in housing and infrastructure on and/or off reserve
- ▶ Economic Development & Investment - supporting individuals costs to participate in business opportunities and/or creating programs for members and/or investing funds for future growth

16

Sector Questions

- ▶ Do you feel that Section belongs in the policy based on feedback provided?
Yes / No
- ▶ If Yes...
 - ▶ Should the section have an application criteria for individual applicants and group applications or just either or?
 - ▶ What should be eligible activity under this section (for both individual and/or group applications)
 - ▶ What should not be eligible activity under this section (for both individual and/or group applications)
 - ▶ Should the policy be very prescriptive or should there be some degree of flexibility to be considerate of individual circumstances by Committee (ie limits on amounts and/or # times can apply per year)
