### Company Secretary

On 1 August 2025, Stephanie Majteles was appointed as Company Secretary following the resignation of Jack Rosagro.

### Principal activities

Qoria is a technology Group focussed on cyber safety. Meeting a growing demand to keep kids safe online and manage digital lifestyles, Qoria has developed a unique ecosystem-based approach to cyber safety. The Qoria ecosystem is a platform from which cyber safety settings, advice, and support can be delivered across any network and any device – offering a universal approach to cyber safety at home, at school and anywhere in between.

The innovation of the Qoria ecosystem is that it not only supports the needs of schools and parents but also that it also permits telecommunication service providers and device manufacturers to embed world's-best practice cyber safety into their offerings. The principal activities of the Group during the period have been continued sales and distribution, marketing and customer support of its suite of cyber safety products and services. There have been no other significant changes in the nature of these activities during the financial period.

### Results

The Group reported total revenue and other income for the period ended 31 December 2025 of \$69,153,926 (31 December 2024: \$55,616,418) with revenue from ordinary activities being \$68,997,186 (31 December 2024: \$55,398,569).

The net loss before income tax attributable to members of the Group for the period ended 31 December 2025 amounted to \$24,460,512 (31 December 2024: \$13,388,092). A summary of operational results is presented below.

## Review of operations

The Group continued to advance its strategy of delivering high-quality education technology and cyber-safety solutions during the six months ended 31 December 2025. Focus remained on expanding recurring revenue, improving operational efficiency, and strengthening the Group's market position across both the K-12 and consumer segments. Key highlights include:

- Transformational Merger with Aura.** On 2 February 2026, the Group announced a binding merger implementation deed with US-based online safety leader Aura Consolidated Group Inc. ("Aura"). The merger aims to create a global category leader in digital safety, establishing a world-leading security platform for home, work, and school. Under the terms of the proposed scheme of arrangement, the Group will be acquired by Aura for an implied price of \$0.40 per share, with Qoria Managing Director Tim Levy leading the combined group post-merger.
- 68% Growth in Underlying EBITDA** when compared to PCP and **on track to deliver on EBITDA guidance** despite weakened currencies in key markets in the UK and US.
- Continued positive cash flow momentum**, delivering record H1 free cash flow (FCF) of \$8.6 million after adjusting for non-operating and non-recurring inflows and outflows (PCP: \$6.2 million).
- Surpassed a **major milestone of US\$100 million equivalent in ARR**. Total group ARR reached AU\$154 million on a constant currency basis and achieved a 19% year-on-year increase even when accounting for foreign exchange headwinds.
- The Qustodio **consumer business delivered exceptional performance**, growing ARR at an annualised rate of 34% for the half. This growth was driven by modest marketing investment yielding high ROI and record net subscriber growth.
- Our K-12 products are now protecting **over 32 thousand schools and 20% of the US K-12 student population**. The weighted K-12 pipeline grew 29% year-on-year to \$13.6 million, positioning the Group for continued growth in the second half of the financial year and providing leverage for the proposed merged Group to access this and

other global markets with its lifetime security products (subject to closure of proposed merger with Aura Consolidated Group Inc. as announced on 2 February 2026).

- **Continued investment in platform enhancements** and product features supported customer retention and positioned the Group for future growth opportunities. Qoria is increasingly investing in and embedding AI into its operations, products and software engineering.

### Business strategies

Qoria's business is focused on protecting and supporting the digital journey of children.

Our mission is to save and better children's lives; to empower parents; to deliver for tomorrow's educators and be a key influencer in cyber safety globally. We seek to deliver our staff their best-ever employment experience and deliver exceptional returns for our investors.

One of the Group's key financial objectives is to achieve scale and operating leverage in the provision of online safety tools and advice. This encompasses organic growth as well as growth through acquisition of other similar businesses to open the Group to new opportunities and leverage its existing strengths and achievements.

The technologies acquired to date have been complementary to those which already existed within the Group. In this way, the Group is able to provide a 360 degree safety and wellbeing solution which protects children and school services, enables intervention when students are at risk and supports school and community safety and wellbeing programs.

By offering a suite of complementary technologies to a range of closely related markets the Group is able to cross-sell its full suite of products to its existing customer base as well as attract new customers. Strategically, this allows the Group to leverage existing customer relationships and satisfy customers' growing needs, adding value where it is increasingly demanded. For example, the addition of Octopus BI this year has enabled the addition of BI tools to education B2B customers. Through our Community product, the Qustodio parental control solution can be promoted to parents and guardians.

The financial impact of this strategy is a stable, growing recurring revenue stream with incremental customer acquisition costs that reduce with growth. It also allows for operating efficiencies achieved through scale by combining functions across the Group.

The Group mainly targets the United States, United Kingdom and European markets, as well as local markets in Australia and New Zealand, with its core Education products that are generally marketed to schools. The Qustodio product's footprint stretches to over 100 countries around the world and that product is offered in 9 languages. The Group's suite of education products has seen recent success in new markets around the world, and is beginning to be offered in the Middle East and Asia.

The Group's focus on generating positive operating and free cash flows continues as it builds profitability. Management's strategy is a combination of effective cost controls combined with continued growth in Group revenues. Cost synergies resulting from recent acquisitions continue to be realised in coming years and the Group's three year goal is to be the largest and most impactful safety and wellbeing provider globally.

For more detailed information regarding the Group's activities during and subsequent to the half-year, please refer to the various announcements it has made on the ASX platform.

### Impact of key developments and relevant events throughout the period

Aside from operational highlights mentioned above, there were no other material developments for the Group during the period.

### Current and upcoming strategic initiatives

The Group continues working on a deliberate commercialisation strategy aimed at building scale, profit and capability. Each of the Group's education segments are focused on layering products for new and net new growth.

## Directors' Report

---

As the emerging global leader in student digital wellbeing the Group is well positioned and is continuing to execute key strategic steps:

- **Unification** - Ongoing unification program to deliver platform efficiencies and customer value.
- **Product expansion** - Investment in technology platforms continues with the launching of EdTech Insights (from the Octopus BI acquisition) and an AI Cloud Scan as an add-on for our Monitor product. In addition, the Group may consider strategic acquisitions of specific products. This is part of a corporate objective to drive average revenue per unit ("ARPU") to \$10.
- **Market expansion** - New partnerships in the UK, Japan and US are considered strategically vital for long-term growth and market leadership.
- **Opportunities resulting from the proposed merger with Aura** - The proposed combination is expected to deliver value to shareholders by combining complementary products, delivered across complementary channels. As we integrate, we will unlock powerful cross-selling opportunities, expand our offerings and go ever more global.

Qoria is now firmly established as a world leader in online safety tools and advice, supporting educators so that children can thrive. The Group now has over 650 employees across 10 countries globally, serving more than 32,000 schools and 30 million children.

The Group is well positioned to continue to grow through key markets, plus through the cross sell of additional products within education and of the Qustodio consumer product to its existing students.

### Significant changes in state of affairs

There have been no significant changes in the state of affairs of the Group that occurred during the reporting period not otherwise disclosed in this report or the financial statements.

### Likely developments

Other than as disclosed elsewhere in this report, there are no likely developments in the operations of the Group that were not finalised at the date of this report.

### Environmental regulation

The Group is not subject to any significant environmental Commonwealth or State regulations or laws.

### Dividends

There were no dividends paid or declared or recommended since the start of the financial period.

### Events after balance date

Other than the matter described below, no matters or circumstances have arisen since the end of the period which significantly affected or may significantly affect the operations of the Group, the results of its operations or the state of affairs of the Group in subsequent financial years.

On 2 February 2026, Qoria Limited announced that it had entered into a binding agreement to merge with Aura Consolidated Group Inc. by way of a proposed scheme of arrangement. Completion of the transaction is subject to shareholder, regulatory and court approvals and other customary conditions. As at the date of this report, the transaction had not completed and no adjustments have been made to these financial statements in relation to the proposed transaction.

On 2 March 2026, 67,138 performance rights were exercised by KMP Ben Jenkins.

## Directors' Report

---

On 15 April 2026 and 24 April 2026, the Group provided updates on its proposed merger with Aura Consolidated Group, Inc., with completion now targeted for July 2026. The updates included progress on transaction workstreams, anticipated release of disclosure materials, and expected shareholder approval processes, as well as certain revisions to transaction structure, including capital arrangements, governance and leadership of the combined group.

In connection with the transaction, the Group entered into a A\$10 million unsecured working capital facility with Aura to fund transaction costs and support liquidity during the merger period. The facility bears interest at 15% per annum (capitalised) and is repayable in July 2029 or earlier in certain circumstances.

If the merger does not complete, Aura may elect to convert all or part of the outstanding loan (including capitalised interest and fees) into ordinary shares at the higher of A\$0.30 per share and the 20-day VWAP, subject to a minimum conversion of A\$2.5 million. The conversion could result in the issue of up to approximately 54 million ordinary shares, which would rank equally with existing shares.

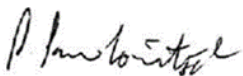

### Indemnification and insurance of Directors and Officers

The Company indemnifies the Directors and Officers of the Company for costs incurred, in their capacity as a director or officer, for which they may be held personally liable, except where there is a lack of good faith. During the financial period, the Company paid a market rate premium in respect of a contract to insure the Directors and Executives of the Company against a liability to the extent permitted. For confidentiality purposes the insurer has recommended not to disclose the nature of the liability and the amount of the premium.

### Proceedings on behalf of the Group

No person has applied for leave of Court to bring proceedings on behalf of the Group.

Signed in accordance with a resolution of the Directors.

## Notes to the Consolidated Financial Statements

For the period ended 31 December 2025

### Note 1: Reporting entity

Qoria Limited (“Company” or the “parent”) is a listed public Company limited by shares, incorporated and domiciled in Australia and head of the Group consisting of Qoria Limited and the entities it controlled at the end of, or during, the period.

Qoria is a technology Group focussed on cyber safety. Meeting a growing demand to keep kids safe online and manage digital lifestyles, Qoria has developed a unique ecosystem-based approach to cyber safety. The Qoria ecosystem is a platform from which cyber safety settings, advice, and support can be delivered across any network and any device – offering a universal approach to cyber safety at home, at school and anywhere in between. The innovation of the Qoria ecosystem is that it not only supports the needs of schools and parents but also that it also permits telecommunication service providers and device manufacturers to embed world’s-best practice cyber safety into their offerings. The principal activities of the Group during the year have been continued sales and distribution, marketing and customer support of its suite of cyber safety products and services.

The financial statements were authorised by the Board of Directors on the date of signing the Directors’ Declaration.

### Note 2: Basis of preparation

The half-year financial statements are general purpose financial statements prepared in accordance with the IFRS accounting standards as issued by the International Accounting Standards Board (IASB), including IAS 34 - Interim Financial Reporting.

The half-year report does not include full disclosures of the type normally included in an annual financial report. For the purposes of preparing the half-year condensed financial statements, the half-year has been treated as a discrete reporting period. These condensed half-year financial statements have been prepared on the going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

It is recommended that this half-year report be read in conjunction with the annual financial report for the year ended 30 June 2025 and any public announcements made by Qoria Limited during the half-year in accordance with continuous disclosure requirements. Qoria Limited is a company limited by shares. The half-year report is presented in Australian currency and all amounts noted are in Australian dollars unless otherwise noted. Qoria Limited is a for-profit entity.

The accounting policies have been consistently applied by the Group and are consistent with those applied in the previous financial year and those of the corresponding interim reporting period.

#### a. Going concern

The financial statements for the period ended 31 December 2025 have been prepared on the basis that the entity is a going concern which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business. During the period the entity generated net cash inflows from operating and investing activities of \$4,531,741, excluding purchases of businesses (6 months to December 2024: \$4,412,444 inflows).

As at 31 December 2025, the Group had a working capital deficit of \$54,754,829 (30 June 2025: \$46,749,005). On a proforma basis, excluding current contract liabilities of \$69,612,239 (30 June 2025: \$66,016,568) the Group had a working capital surplus of \$14,857,410 (30 June 2025: \$19,267,563).

Subsequent to the reporting date, as announced by Qoria Limited on 15 April 2026 in connection with its proposed merger with Aura, the Group entered into a \$10 million unsecured working capital facility provided by Aura. The facility was established to fund transaction-related costs and further strengthen the Group’s balance sheet pending completion of the proposed merger. Management expects that the availability of this facility provides additional liquidity to support the Group’s operations and obligations as they fall due. Refer Note 22: Events occurring after the reporting period for further details on the facility.

## Notes to the Consolidated Financial Statements

For the period ended 31 December 2025

---

### Note 2: Basis of preparation (continued)

The Directors believe that the entity will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report based on forecasted cash flows and continued strong financial management. The Directors believe the Group will have sufficient cash flows to meet all commitments and working capital requirements.

The cash flow forecast is dependent on the Group complying with terms and conditions of lending as agreed from time to time with the lender and incorporates various targets for revenues, operating costs and overheads (Refer to Note 12 - Borrowings) which are dependent on the Group's ability to achieve various assumptions around growth, retention rates and cost control. Current and ongoing initiatives including unification, product expansion and market expansion mean the Group is well positioned to continue to grow through key markets and accordingly are confident in the Group's ability to achieve these targets. During the period, amendments to the Ashgrove facility resulted in favourable changes to covenants on this facility. At the date of this report and having considered the above factors the Directors are of the opinion that the Group will be able to continue as a going concern.

#### b. Adoption of new and revised accounting standards

The Group has adopted all of the new or amended accounting standards and interpretations issued by the International Accounting Standards Board ("IASB") that are mandatory for the current reporting period.

Any new or amended accounting standards or interpretations that are not yet mandatory have not been early adopted.

#### c. Standards issued but not yet effective

Certain new and amended accounting standards and interpretations have been issued but are not mandatory for the financial period ended 31 December 2025. They have not been adopted in preparing the financial statements for the period ended 31 December 2025 and are not expected to impact the entity in the period of initial application.

#### d. Use of estimates and judgements

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements were included in the 30 June 2025 Annual Report.

### Note 3: Business combinations

During the half-year ended 31 December 2024, the Group acquired Ayra International Pty Ltd and its controlled entities (Ayra Group Pty Ltd, Ayra Group Private Limited and Octopus BI Inc) ("Octopus BI"). As disclosed in the Group's 30 June 2025 Annual Report (Note 24), provisional accounting was applied to the measurement of the purchase price allocation in accordance with IFRS 3 Business Combinations.

As at 31 December 2025, the purchase price allocation has been finalised and there have been no adjustments to the provisional values previously reported. Accordingly, the carrying amounts of assets acquired, liabilities assumed, and goodwill recognized remain as disclosed in the 30 June 2025 Annual Report.

There were no business combinations during the half-year ended 31 December 2025. Comparative information relating to the prior period business combination is presented for information only, and no further adjustments have been made to the amounts previously reported.

### Note 4: Segment reporting

IFRS 8 - Operating Segments requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker ("CODM") in order to allocate resources to the segment and to assess its performance. The CODM has been identified as the Board of Directors.

## Notes to the Consolidated Financial Statements

For the period ended 31 December 2025

### Note 4: Segment reporting (continued)

The Group has four main operating segments being the provision of educational technology services in Australia & New Zealand (“ANZ”), the United Kingdom (“UK”), the United States of America (“USA”) and Europe. This is consistent with the internal reporting provided to the CODM as disclosed in the 30 June 2025 Annual Report.

#### Ashgrove Specialty Lending Investments - Debt facility

As at 31 December 2025, the Group's debt facility with London-based debt provider Ashgrove Capital Management Ltd ("Ashgrove") was fully drawn at \$47,850,000. There were no movements in borrowings during the half-year.

On 23 January 2024 the Group issued 16,045,408 unquoted warrants at \$0.2411 per warrant to Ashgrove in relation to this facility. The warrants may be exercised by the warrant holder at any time during the exercise period. Any warrants which have not been exercised by the expiry date of 22 January 2029 will automatically lapse.

The term of the facility is 5 years from first drawdown date (14 July 2023) and the interest rate is set at the prevailing BBSY rate plus 8.75% per annum with the ability to capitalise up to 4.25% per annum (with additional interest of 0.33% per annum payable for every 100 basis points elected to be capitalised by the Group). The facility is secured over all assets of the Group, globally and is subject to various terms and conditions including financial ratios, a liquidity covenant that requires a minimum cash balance held on the balance sheet, tested monthly, an ARR-to-debt ratio and an ARR-to-EBITDA ratio commencing 31 December 2025, both tested quarterly and events of default customary for a facility of this kind.

Transaction costs associated with the facility totalled \$8,109,215 and have been capitalised against the loan as at 31 December 2025 and are amortised over the term of the loan.

## Notes to the Consolidated Financial Statements

For the period ended 31 December 2025

### Note 14: Issued capital (continued)

#### Capital risk management

When managing capital the Board's objective is to ensure that the Group continues as a going concern as well as to maximise the returns to Shareholders and benefits for other stakeholders. The Board also aims to maintain a capital structure that ensures the lowest cost of capital available to the Group.

The Board is constantly reviewing the capital structure to take advantage of favourable costs of capital or high returns on assets. As the market is constantly changing, the Board may issue new shares, return capital to Shareholders or sell assets to reduce debt. The Group was not subject to any externally imposed capital requirements during the period.

### Note 15: Reserves

#### Nature and purpose of share-based payments reserve

The share-based payments reserve records the value of options, performance rights and performance shares issued to the Group's employees, Directors, and third parties. The value of the amount disclosed during the period reflects the value of options, performance rights and performance shares issued by the Group.

	31 December 2025	30 June 2025

### Note 17: Loss per share

Basic loss per share amounts are calculated by dividing net loss for the period attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the period.

The following reflects the income or loss and share data used in the total operations basic and diluted earnings per share computations:

	31 December 2025	31 December 2024
	\$	\$
Loss used in the calculation of basic and diluted loss per share	(23,153,463)	(11,492,536)

<b>Weighted average number of ordinary shares outstanding during the period used in calculation of basic and diluted loss per share</b>	<b>1,348,876,143</b>	<b>1,261,747,367</b>

Options and other potentially dilutive ordinary shares outstanding during the period have not been taken into account in the calculation of the weighted average number of ordinary shares as they are considered anti-dilutive.

### Note 18: Fair value measurement

The following tables detail the Group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

### Note 20: Related party transactions (continued)

Other transactions with key personnel:

#### Directors

On 3 November 2025, 2,100,000 options were exercised by Non-Executive Director Georg Ell. In addition, 2,100,000 options were exercised by Non-Executive Director Jane Watts.

On 4 November 2025, 1,400,000 options were exercised by Non-Executive Director Matthew Stepka.

Refer to Note 7 for further details.

#### Other KMP

On 1 July 2025, 772,473 STI and 772,472 LTI performance rights were issued to KMP Crispin Swan and 758,427 STI and 632,022 LTI performance rights were issued to KMP Ben Jenkins.

During the period, 1,471,829 performance rights were exercised by KMP Ben Jenkins.

Refer to Note 7 for further details.

### Note 21: Commitments and contingent liabilities

The Directors are not aware of any commitments or any contingent liabilities that may arise from the Group's operations as at 31 December 2025 (2024: none).

### Note 22: Events occurring after the reporting period

Other than the matter described below, no matters or circumstances have arisen since the end of the period which significantly affected or may significantly affect the operations of the Group, the results of its operations or the state of affairs of the Group in subsequent financial years.

On 2 February 2026, Qoria Limited announced that it had entered into a binding agreement to merge with Aura Consolidated Group Inc. by way of a proposed scheme of arrangement. Completion of the transaction is subject to shareholder, regulatory and court approvals and other customary conditions. As at the date of this report, the transaction had not completed and no adjustments have been made to these financial statements in relation to the proposed transaction.

On 2 March 2026, 67,138 performance rights were exercised by KMP Ben Jenkins.

On 15 April 2026 and 24 April 2026, the Group provided updates on its proposed merger with Aura Consolidated Group, Inc., with completion now targeted for July 2026. The updates included progress on transaction workstreams, anticipated release of disclosure materials, and expected shareholder approval processes, as well as certain revisions to transaction structure, including capital arrangements, governance and leadership of the combined group.

In connection with the transaction, the Group entered into a A\$10 million unsecured working capital facility with Aura to fund transaction costs and support liquidity during the merger period. The facility bears interest at 15% per annum (capitalised) and is repayable in July 2029 or earlier in certain circumstances.

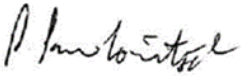

If the merger does not complete, Aura may elect to convert all or part of the outstanding loan (including capitalised interest and fees) into ordinary shares at the higher of A\$0.30 per share and the 20-day VWAP, subject to a minimum conversion of A\$2.5 million. The conversion could result in the issue of up to approximately 54 million ordinary shares, which would rank equally with existing shares.

In the Directors' opinion:

- i. the attached financial statements and notes set out on pages 12 to 31 comply with the International Accounting Standards Board (IASB), including IAS 34 - Interim Financial Reporting and other mandatory professional reporting requirements;
- ii. the attached financial statements and notes give a true and fair view of the Group's financial position as at 31 December 2025 and of its performance for the financial half-year ended on that date; and
- iii. there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors.

On behalf of the Directors

Mr Peter Pawlowitsch  
**Non-Executive Chairman**

### Results of Review of Interim Financial Information

We have reviewed the condensed consolidated financial statements of Qoria Limited and subsidiaries (the Company), which comprise the condensed consolidated statement of financial position as of 31 December 2025 and the related condensed consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the half-year periods ended 31 December 2025 and 2024, and the related notes (collectively referred to as the 'special purpose interim financial information').

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying condensed interim financial information for it to be in accordance with International Financial Reporting Standards and International Accounting Standards as issued by the International Accounting Standards Board (IASB) and Interpretations (collectively IFRS Accounting Standards).

### Basis for Review Results

We conducted our reviews in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of condensed interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of condensed interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

### Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the condensed interim financial information in accordance with IFRS Accounting Standards, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

### Report on Condensed Consolidated Balance Sheet as of 30 June 2025

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated statement of financial position of the Company as of 30 June 2025 and the related consolidated statements of profit or loss and other comprehensive income, changes in equity, and cash flows for the year then ended (not presented herein); and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated 19 March 2026. In our opinion, the accompanying condensed consolidated statement of financial position of the Company as of 30 June 2025, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.
