

Travel Risk Management Services

Our Travel Risk Management support packages have been designed to provide you with the information, training, and advice you need before, during and after travel. Our products and services can be completely personalised to your specific needs or itinerary and are all delivered by highly experienced humanitarian security professionals. From travel safety training, to safety briefings and risk assessments, ILS has a range of services to meet all travel risk requirements.

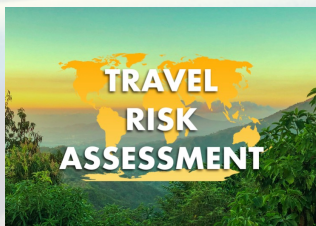

Travel Safety Briefings

Our Travel Safety Briefing is an opportunity to talk directly with one of our friendly and experienced Travel Risk Advisors, who will take the time to understand your itinerary, and personal profile, enabling them to provide you with guidance on how to remain safe, wherever you are going. Your briefing will be delivered on Teams/Zoom, at a time convenient for you.

-  Up-to-date Information on the destination's ongoing security situation.
-  Safety guidance and risk mitigation advice.
-  Advice specifically tailored to your personal profile and trip itinerary.
-  Plenty of time to ask questions and seek advice related to your trip.

Travel Risk Assessments

A personalised Travel Risk Assessment is a digestible and easy to understand written report. It provides information on the practical elements of your trip (e.g. travel, weather, medical access), an overview of the security context at your destination, and advice on staying safe. The report will consider any risks arising from your personal profile, your itinerary and the local operating environment.

-  Country Information/Practicalities
-  Security Context Overview
-  Recent Incident Register
-  Political, Geographic and Economic Context
-  Your personal risk profile
-  Risk reduction measures
-  An overall risk rating for your trip
