AVENS - A Community for Seniors

*AVENS Vision: A future where seniors age well and have choices,  
where they are connected to a safe and caring community for life.*

---

**AVENS** – A Community for Seniors (previously YACCS) was incorporated under the Societies Act in April of 1983 by a group of citizens to lobby government and establish programs and services for seniors.

**AVENS** was established to meet the needs of the growing number of soon-to-be retired miners and prospectors (many of whom were bachelors) who would need support to live out their retirement years in Yellowknife.

**SINCE INCEPTION, AVENS** has worked very hard to establish programs and services not only for Yellowknife seniors, but for seniors across the NWT.

**TODAY, AVENS** board's vision is to address ageing challenges across the entire housing and care continuum. Our expansion and strategic plan envisions growth of residential living choices and delivery of a range of services across the full spectrum of care. Most importantly the board envisions a community where our residents can move seamlessly through levels of care without ever leaving the AVENS community.

*AVENS Vision: A future where seniors age well and have choices,  
where they are connected to a safe and caring community for life.*
