WHO WE ARE

Founded in 1999 as the Whitehorse Youth Centre Society, BGC Yukon has been full members of the national movement since 2008. What started as a grassroots society operating out of a trailer has grown into an organization developing and leading after-school programs, Early Childhood Education programs, and other community supports for youth.

Children, youth, and families are struggling with an increasing number of social and economic pressures in the Yukon and across Canada, and the need for personal and social development programs that support and complement community services is more pressing than ever, and our community role is as valuable as ever.

WHO WE SERVE

In addition to regular programs, BGCY currently has expanded to and supports about 4 members 18+

Our MISSION

To provide safe, supportive places where children and youth can experience new opportunities, overcome barriers, build positive relationships, and develop confidence and skills for life.

Our VISION

All children and youth discover and achieve their dreams and grow up to be healthy, successful, and active participants in society.

OUR VALUES

BELONGING

We welcome everyone in a safe, accepting environment based on belonging and positive relationships.

RESPECT

We ensure that everyone—children, youth, families, volunteers, staff—is heard, valued, and treated fairly.

ENCOURAGEMENT AND SUPPORT

We encourage and support every child and youth to play, learn, and grow to achieve their dreams.

WORKING TOGETHER

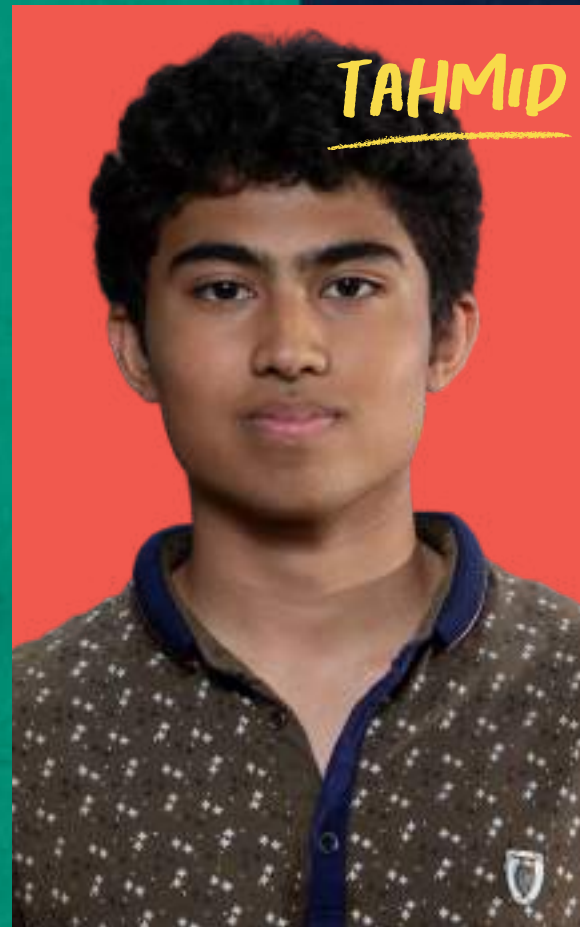

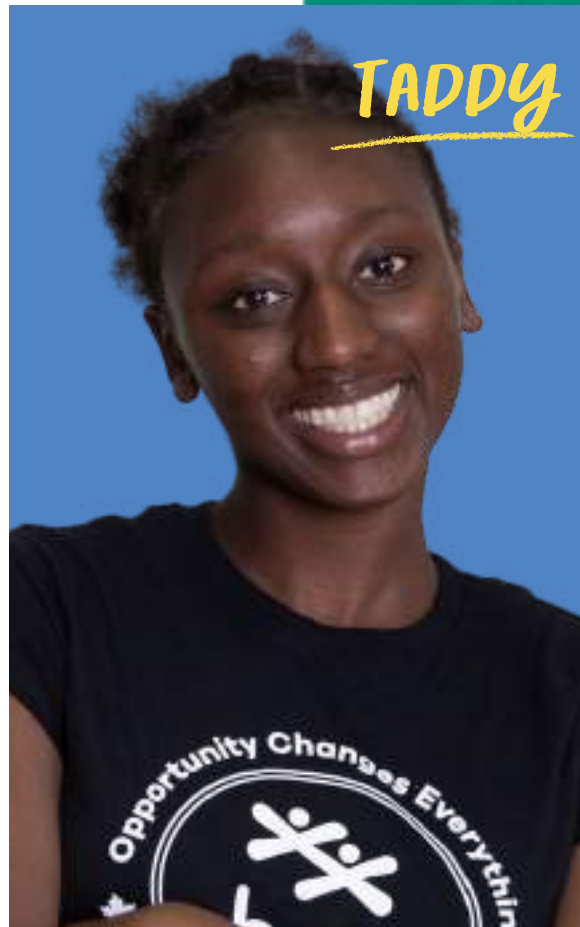

We work together with young people, families, volunteers, our communities, and government.

SPEAKING OUT

We speak out for children, youth, and families so that we can make our world better.

YOUTH OF THE YEAR

PRESENTED BY HYUNDAI AND SUPPORTED BY MONDELEZ

Youth of the Year is a national initiative celebrating youth leadership and achievement at BGC Clubs across Canada.

Our Youth of the Year receive post-secondary scholarships, laptops, and prize packs, along with media and leadership training to prepare them as BGC ambassadors.

In 2023, our annual Youth of the Year event in Toronto welcomed National Youth of the Year, Sebastian; Indigenous Youth of the Year, Logan; along with Halla, Saphia, Taddy, and Tahmid. During this gathering, they had the chance to form meaningful connections, foster relationships and share their impactful stories. Upon returning to their communities, they have continued to serve as ambassadors for BGC Canada and continue to amplify their narratives and the positive impact of BGC Clubs through various speaking opportunities to media, funders, and events.

NATIONAL YOUTH COUNCIL

BGC Canada's 2023 National Youth Council consisted of 11 youth leaders from across the country who hold strong connections to their BGC Club and community.

Through their diverse identities and skills, they bring a youth voice, leadership, and insights into the governance, direction, and work of BGC Canada at the national level. Council members participate in committees, assist in planning national events, and serve as role models to Club youth.

The National Youth Council hosted the 2023 National Youth Forum, BGC Collective: Dare to Share, at the University of British Columbia—bringing together 80 Club members from across the country to participate in conversations around Reconciliation, mental health, and anti-racism through workshops, keynote speakers, and excursions.

As 2023 ended, BGC Canada recruited the next cohort of leaders who will continue to engage with BGC Canada and plan for the next National Youth Forum in 2025.

MyBGC AND BGCU

In 2023, with funds generously provided by the Government of Canada, BGC Canada introduced the new self-directed learning management system: MyBGC and BGCU.

Built upon four principles—Lifelong Learning, Self-Determination, Positive Relationships, and Healthy Living—they are aligned with the BGC Canada Model for Success and are known to lead to a high-quality Club experience.

MyBGC and BGCU:

- ✓ Supplement the in-Club experience for youth and Club staff by delivering self-directed learning modules, programs, and activities.
- ✓ Work as a companion to the programming and relationship-building taking place in Clubs, building upon BGC Canada's Mission and Vision.
- ✓ Support Clubs in their programming, enhancing the Club experience and extending it to more youth.
- ✓ Provide a platform where Club staff and Boards take part in customized BGC Club-specific training and programming.

LEARNING & IMPACT

BGC Canada's Learning & Impact Project equips Clubs to prove and improve their impact through evaluation. Clubs collect quantitative (survey) and qualitative (interview) data to learn about the transformational outcomes of Clubs in four areas: positive relationships, healthy living, lifelong learning, and leadership.

In 2023:

- ✓ All BGC Clubs were invited to participate by deploying a national outcomes survey to Club children and youth ages eight and older.
- ✓ Teams from 96% of full member BGC Clubs in Canada participated in the survey implementation.
- ✓ Surveys were completed by 31 BGC Yuchildren and youth.
- ✓ Qualitative data was collected by Club staff at 19 Clubs from 8 provinces and territories.
- ✓ Through one-on-one, in-depth interviews Club staff interviewed 483 children and youth about the difference the Club has made in their lives.

The project is already one of the largest studies of its kind in Canada. Since the project inception in 2022, Clubs have collected over 12,500 responses to the survey and have interviewed over 850 children and youth.

BECAUSE OF A CLUB...

The data from the member survey demonstrates the transformational impact Clubs have on a young person's life.

Because of a Club, 90%

or more of children and youth surveyed report that they:

- ✓ have more people they like to spend time with
- ✓ are better at helping out
- ✓ are more excited to try new things
- ✓ are more accepting of others
- ✓ are more physically active
- ✓ are more confident
- ✓ work better with others
- ✓ are more comfortable being themselves
- ✓ have a more positive influence on others
- ✓ make better choices
