Re: Notifications of Conduent Breach

Members of the EMHP of Suffolk County have been notified by mail from a company called Conduent Business Services, LLC, that their protected health information (PHI) may have been compromised in a data breach. The breach occurred between October 21, 2024, and January 13, 2025, during the period when EMHP was administered by Anthem for Hospital/Medical/Surgical claims processing.

Please follow the recommended steps outlined in your notification letter, including activating the "free credit monitoring services" provided by Conduent.

Key Details About the Conduent Incident

- **Discovery & Timing:** The incident was discovered on January 13, 2025, but unauthorized access to the network occurred between October 21, 2024, and January 13, 2025.
- **Information Impacted:** Compromised data includes names, Social Security numbers, dates of birth, treatment/diagnosis descriptions, and claim numbers.
- **Who is Affected:** Individuals associated with Conduent's clients, including many government agencies, healthcare plans, and Fortune 100 companies, are receiving notices.
- **Actions Taken:** Conduent has notified law enforcement, secured its systems, and is providing two years of complimentary credit monitoring and identity protection services.
- **What to Do:** If you receive a letter, activate the free credit monitoring services immediately.
