Research Focus

Human-AI Collaboration in Health – Designing and studying AI systems that support how people make sense of, interact with, and act on complex health and behavioral information, with a focus on **human-AI sensemaking** and **information sharing** across clinical and everyday settings.

Education

- | | |
|--|----------------|
| Northeastern University | 2022 – present |
| Ph.D. in Computer Science - Human Computer Interaction | |
| <i>Advisors: Elizabeth Mynatt, Varun Mishra</i> | |
| Georgia Institute of Technology | 2020 – 2022 |
| M.S. in Digital Media - Human Computer Interaction | |
| <i>Advisors: Elizabeth Mynatt, Christopher Le Dantec</i> | |
| Beijing University of Posts and Telecommunications (BUPT) | 2015 – 2019 |
| B.Eng. in Electronic Information and Technology | |
| University of California, Berkeley | 2018 |
| Exchange student | |
-

Work Experience

- | | |
|--|-------------|
| Microsoft Research & Microsoft AI – Health Futures & MAI Health | Summer 2026 |
| Research Intern | |
| <ul style="list-style-type: none">• Led mixed-methods analysis of a 6-week, longitudinal in-the-wild diary study of Copilot Health with 200+ participants and 3,000+ diary entries, uncovering how users integrate AI into real-world health journeys over time.• Synthesized longitudinal journeys across EHR data, wearable metrics, and health-related decision-making, translating findings into actionable recommendations that directly informed product decisions and future directions for Copilot Health. | |
| Microsoft Research – Health Futures | Summer 2025 |
| Research Intern | |
| <ul style="list-style-type: none">• Designed and conducted a user study with 15+ oncologists evaluating HAO (Healthcare Agent Orchestrator), a multi-agent LLM system for multidisciplinary tumor board preparation.• First author of a CHI 2026 Best Paper Honorable Mention; findings had significant impact on product decisions and informed the team's ongoing HAO research and product roadmap. | |
| Accenture – Digital Experiences | Summer 2023 |
| Summer Research Specialist | |
| <ul style="list-style-type: none">• Developed and evaluated an LLM-powered AR tool to bridge knowledge gaps in online meetings; prototype was integrated into the company's internal product map for future development. | |

Awards and Recognition

2026 Best Paper Honorable Mention, ACM CHI

2023 Special Recognition for Outstanding Review, ACM CHI

2022 Best Paper Award, ASSETS

2022 Honorable mention, Fast Company's 2022 Innovation by Design Awards

2022 Student Notable Interaction Award, Core77 Design Award

2017 **First-Class Scholarship**, BUPT
2017 **Outstanding Peer Tutor**, BUPT
2017 **Outstanding Student**, BUPT

Grant Writing Experience

NIH R01, *AI-Assisted Ecosystem for Longitudinal Behavioral Sensemaking and Collaborative Caregiving* – Under Review, 2026

PI: Varun Mishra

Contributed to proposal conceptualization and writing; the proposed research directly builds on my work on AI-assisted sensemaking and health information sharing in longitudinal deployment.

NIH R21, *A Connected Health Ecosystem for Healthy Aging* – Not Funded, 2025

PI: Varun Mishra

Contributed to proposal writing; the proposal incorporated preliminary findings from my research on AI-assisted health sensemaking.

MassAITC Pilot Proposal, *Digital Phenotyping and Large Language Models to Enable Aging in Place* – Not Funded, 2025

PI: Varun Mishra

Contributed to proposal writing on the use of digital phenotyping and LLMs to support aging in place.

AI-Assisted Sensemaking and Data Sharing of Multi-Modal Sensing: Supporting Care Coordination for Aging in Place

Teaching Experience

2024	Teaching Assistant	CS6350 Empirical Research Methods
2022 – 2026	Multiple Guest Lectures	

Students Mentoring

2026 – present	Zijian Wang	B.S. in Computer Science
2023 – present	Shihan Fu	M.S. – PhD. in Computer Science
2026	Emma Vonbuelow	B.S. in Computer Science
2025 – 2026	Xueni Tang	M.S. in Computer Science

2025 – 2026	Ayesha Fatima	M.S. in Computer Science
2025 – 2026	Coco Choi	M.S. in Computer Science
2024 – 2025	Xiwen (Nancy) Li	M.S. in Experience Design
2023 – 2025	Szeyi (Reina) Chan	M.S. – PhD. in Computer Science
2022 – 2024	Justin Steinberg	M.S. in Computer Science
2022 – 2023	Yufei (Vicky) Wang	M.S. in Human Computer Interaction
2022 – 2023	Siman (Avery) Ao	M.S. in Human Computer Interaction
