DIRECTOR POSITIONS

THE FOLLOWING PETITIONS WERE RECEIVED:

DISTRICT 1 – RURAL DIRECTOR FOR WALWORTH AND POTTER COUNTIES

Incumbent Director Allen Walth of Glenham filed a petition for District 1. He has been a resident of Walworth County for 77 years. Walth graduated from Glenham High School and earned a bachelor's degree in Animal Science from South Dakota State University. He served two years in the Army, including time at Fort Lee, Virginia, and in Pirmasens, Germany, and has worked as a farmer and rancher for 52 years. He is a current member of Zion Lutheran Church in Akaska and the Mobridge American Legion Post #4. He has served on the advisory boards of the SDSU Animal Health and Diagnostic Lab and the SDSU Cow/Calf Unit, and previously served as a director for Cam-Wal Electric for 21 years.

When asked why he would like to continue serving on the WEB Water Board, Walth stated, "To help improve and strengthen our rural communities by providing abundant, high quality, safe drinking water. I have 9 years experience on the WEB Board which is essential to completing the upgrade of the WEB water system. I want to help keep SD water (Oahe Reservoir) for South Dakotans."

DISTRICT 6 – RURAL DIRECTOR FOR DAY, CLARK AND MARSHALL COUNTIES

Incumbent Director Bob Whitmyre of Webster filed petition for District 6. He has been a resident of Day County for 60 years. Whitmyre graduated from Webster High School and earned a bachelor's degree in Mechanical Engineering from South Dakota State University. He has worked as a farmer and engineer. He is a current member of Butler Lutheran Church, the South Dakota Farmers Union, and the South Dakota Stockgrowers. He also serves on the South Dakota Game, Fish and Parks Commission and is a current member of the Day County Water Mitigation Team.

When asked why he would like to continue serving on the WEB Water Board, Whitmyre stated, "I have enjoyed serving on the WEB Board of Directors and would like the opportunity to continue serving as WEB expands its capacity and customer base."

DISTRICT 8 – BULK DIRECTOR FOR BROWN COUNTY SD AND DICKEY COUNTY ND

No petitions were received for this district. To avoid a vacancy in Board representation for District 8, the sitting Director will continue to serve as the Director for that District until a successor becomes a Director, by election or default, or until the Board has appointed a replacement Director as outlined in the bylaws.

This seat is an important opportunity to represent the community and plays a vital role in guiding WEB's commitment to reliable, high-quality water service. Anyone interested in serving or learning more about the responsibilities of the board is encouraged to reach out and get involved.
