| (BW50T6NG) Bradford White 50-Gallon 6-Year Warranty Natural Gas Water Heater Installation                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | 1        | \$1,709.92 |
| Bradford White 50-gallon natural gas water heater with a 6-year manufacturer's warranty on tank & parts, a 1-year manufacturer labor warranty, and basic installation. Also included is a 1-year craftsmanship warranty on the associated pipe and connections from Water Heaters Plus! Price consists of the Rheem water heater, delivery, haul away of (1) old water heater, removal of box and packing material, installation in the same location facing the same direction, connection to existing hot/cold water lines, gas line, and single wall metal vent. Additional connections such as recirculation lines, geothermal furnaces, or hydronic heating connections will be additional. Permit, if required, is additional. Any required code upgrades or pipe repairs are extra. Price considers that there will be safe and clear access to the current water heater using an appliance dolly. Additional charges will apply if a water heater has to be lifted over an immovable object or carried. Reasonable protection of property will be included. Anything beyond that can be extra. |          |            |
| City of Columbus Plumbing Permit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | 1        | \$125.00   |

| Provide and install water heater drain pan as required per local code. Helps prevent damage from runoff and leaks.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |          |            |
| Cold Water Shut Off Valve (Code Upgrade)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | 1        | \$125.00   |
| IF NEEDED*****Turn off the water at the home's working main water valve. Drain down the plumbing system. Supply & install a new valve to isolate the water heater per local code. Provide a 3-year warranty on product and installation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |          |            |
