About Uplyft

Uplyft, a not-for-profit, community services agency, has been providing services for children and families in Western Australia since 1943.

Uplyft offers Family Day Care in the metropolitan and regional areas of Western Australia.

A warm, nurturing, home-like environment for children of any age up to 12 years

What is Family Day Care?

Family Day Care is childcare provided in the educator's home. Uplyft Family Day Care emphasises relationships in small groups and a warm, nurturing, home-like environment, and is available for children up to 12 years.

The educator can care for children of different ages, so brothers and sisters can remain close.

Who looks after my child?

Uplyft educators are passionate professionals, with your child's best interests at heart. Each holds childcare qualifications and participates in regular professional development. They are committed to creating the best learning environment for your child in their own home.

What Happens during the day?

Routines are flexible and often change according to the children's needs and interests. The educator is sensitive to the way your child settles in, and the home is set up daily with small group activities. If you have time, you are welcome to join in before you leave for the day.

Can I claim the Child Care Subsidy?

The Child Care Subsidy helps with the cost of approved child care for eligible families. The Australian Government pays it directly to your child care provider to reduce your fees. For more information and eligibility requirements, please visit www.servicesaustralia.gov.au
