ABOUT

UI/UX Product Design, Web Design, & Branding.

I specialize in UI/UX design and branding for forward thinking brands. I bring experience from small business start-up environments, and thrive in cross-functional collaboration to elevate brands and solve complex problems. Always curious about what's next in design, business, and culture.

WORK

VISUAL DESIGNER

Getlabs | May 2022-August 2025

User interface design and cross-channel brand implementation. UI/UX for B2B, B2C, and internal platforms, improving features, workflows, and usability. Built and maintained a 24-page marketing site in Webflow with CMS integrations, animations, and scalable systems. Developed and managed design system in Figma to scale and ensure brand consistency across products. Designed marketing assets, presentations, and company swag for cohesive brand execution.

FREELANCE GRAPHIC DESIGNER

Independent Contractor | Sept 2019 - Present

Branding, UI design, and graphic design services for small businesses that span from tech to home goods.

Clients include: Joy Pixels, Lemonade the Agency, Eurekly, Moonbase

GRAPHIC & TEXTILE DESIGNER

Around The World Apparel | June 2014 - Sept 2019

Design apparel graphics, textile prints, and technical materials for Junior and Girls apparel line sold in major department stores like Target and Walmart.

GRAPHIC DESIGNER

Mischa Barton Brand | Oct 2011 - Dec 2012

Design packaging, marketing materials, and overall design support for beauty and apparel product line.
