About

We are excited to announce the Annual DHIS2 Symposium to be held in-person in February 2026, Washington DC.

The DHIS2 Symposium is a 2-day event that brings together representatives from global development agencies, governments, and NGOs with a shared vision of using data to drive decision making and impact. It is an opportunity to interact with peers and thought leaders in health systems strengthening, monitoring & evaluation, and analytics.

The DHIS2 Symposium will highlight how DHIS2 is being used in creative ways to solve common challenges in collecting, managing, visualizing, and most importantly, using data.

The DHIS2 Symposium will feature plenary and breakout sessions, panel discussions, the Experts Lounge, exhibitor tables, and dedicated networking. Sessions will be held from 09:00 ET to 5:00 ET featuring peers demonstrating the latest developments and innovations when it comes to DHIS2.

Benefits

Why become a sponsor?

Showcase your support for the DHIS2 community by becoming a sponsor! BAO Systems offers your organization the opportunity to demonstrate your commitment to digital health technology as an industry leader. As a partner and sponsor of the DHIS2 Symposium your organization will be showcased to industry leaders throughout the event.

Along with brand visibility, efficient lead generation, targeted marketing, and community goodwill, your sponsorship makes it possible for us to keep participation costs low, enabling a much broader audience to attend.
