# Prerequisite Examinations and Formats

## GRE (Graduate Record Examination)

The GRE is a computer-based test required for Master's degrees in all fields

### Sections

- **Analytical Writing:** 1 Issue essay (30 minutes each)
- **Verbal Reasoning:** Reading Comprehension, Sentence Equivalence and Text Completion questions (2 sections; 27 questions, 41 minutes per section)
- **Quantitative Reasoning:** Problem Solving, Quantitative Comparison, and Data Interpretation questions (2 sections; 27 questions, 47 minutes per section)

**The test can be taken Monday to Sunday, all year round**

**Dilip Oak's Academy is an official ETS Authorized Test Center.**

**Score:** The score scale is 130-170. The test is out of 340 (Verbal + Quantitative). There is a separate essay score out of 6.0. The GRE score is valid for 5 years.

**Recommended Score:** Generally, at least 300. Top universities may require 320+

## TOEFL (Test of English as a Foreign Language)

**Section 1:** Reading (20 questions, 35 minutes)

**Section 2:** Listening (28 questions, 36 minutes)

**Section 3:** Speaking (4 tasks, 16 minutes)

**Section 4:** Writing (2 tasks, 29 minutes)

**Total marks for TOEFL:** 120

### TOEFL Course Highlights:

- 3 weeks of intensive and interactive classes
- Comprehensive coursework and class practice sessions
- Individual appointments for essay evaluation and doubt-solving

**Dilip Oak's Academy is an official ETS Authorized Test Center.**

## IELTS (International English Language Testing System)

**Section 1 :** Reading (40 questions, 60 minutes)

**Section 2:** Listening (40 questions, 30 minutes)

**Section 3:** Speaking (3 parts, 11-14 minutes)

**Section 4:** Writing (2 tasks, 60 minutes)

Scored on bands from 1 to 9

We cover both the Academic and General modules.

### IELTS Course Highlights:

- 1 month of intensive coaching, both academic and general modules covered
- 2 full-length mock tests for each of the modules
- Individual appointments for the writing and speaking sections

Face-to-face appointments with counselors

- In-depth feedback to identity your weaknesses
- Understand how to tackle the tricky AW tasks

## ETS AUTHORIZED TEST CENTER GRE® & TOEFL®

- Convenient Location
- Spacious Cubicles, Air conditioned, Comfortable and clean test rooms

- Trained and Certified Staff
- Rules and Regulation followed as per ETS.

# Admission Center

## Your One-Stop Shop for Admissions

Getting admission into American and Canadian universities is a complex, year-long process that is full of uncertainties. You will probably find it difficult to know which universities to apply to. You may not know the differing application requirements of the various universities or how to prepare all the required documentation. Obtaining financial assistance is probably the greatest problem of all.

This is why Dilip Oak's Academy has set up the Admission Center, our 'one-stop-shop' for higher education in America and Canada. It is designed to take you through the entire admissions process within the given time, at minimum cost. Once you enroll with us we take full responsibility for securing your admission to reputed universities. Our range of services will help you resolve all your admission-related problems.

## Admission Center Services

### University Selection:

University selection is the most crucial stage of the application process. It is done by Dilip Oak himself, based on your test scores, at least 7 months before you intend to join your prospective universities. With his extensive experience in this field, and contacts with Oak's alumni in almost all American universities, he will help you select good universities to apply to, where chances of getting financial assistance are good.

### Statements of Purpose & Application Essay Preparation:

The Statement of Purpose (SOP) is a statement of your academic and career goals and background. Having a good SOP can often compensate for a average academic record and a relatively low GRE score, making it possible for even average students to get admission to a good university. Our workshop and personal sessions with our SOP counselors will help you make convincing presentations of your skills, strengths and background in your SOP to make the best case for your admission to a university.

### Recommendation Letter Preparation:

Usually 3 recommendation letters are requested along with every application form. These are crucial to certify that you are a deserving student. Our SOP counsellors provide guidance on how to highlight your academic and professional achievements in your recommendation letters based on your areas of interest.

### Transcript Preparation:

Transcripts are mark sheets in a format required by American universities and colleges. We prepare semester-wise transcripts for you on the basis of specially-designed formats made according to the specific requirements of American universities. responses.

## University Application Assistance:

Sometimes your application can be rejected because of incomplete or incorrect form filling. Our expert staff provide on-the-spot, personal assistance throughout the complex online admission procedure, helping you to make sure you fill up the correct information in all the required fields. We thoroughly check each application packet against comprehensive checklists provided by the universities based on their different requirements.

### Visa Counseling:

Many students fail to clear the visa process due to poor preparation. We conduct workshops to guide you on how to prepare the required visa documentation. Through mock interviews, we also train you to answer all the questions that visa authorities are likely to ask in interviews.

### Pre-departure Orientation:

An informative seminar is organized every year to cover foreign exchange regulations, the medical checkup, insurance, port of entry procedure and other practical matters including what to carry to America. We also form groups of students going to the same university, so that you can fly together and share accommodations in the US.

## Salient Requirements for MS in Canada

- **For students from technical fields** (e.g. Engineering, Computer Science, Information Technology, etc.)
- 16 years of education (12+4), i.e. a 4-year Bachelor's degree needed to apply for an MS
- **Academic performance:** Canadian universities have very high cutoffs i.e. a minimum GPA of 8.0 and above of your degree course
- **IELTS band score:** minimum of 6.5 to 7, OR: **TOEFL score:** 90+
- **GRE:** this test is not mandatory, but some top universities require it.
- It is easy to obtain a work permit and Permanent Residency (PR) in Canada.

## Student Testimonials

### Yash Gupta

University of Wisconsin-Madison,  
MS Electrical Engg.

My journey with Oak's Academy started with GRE coaching, and I scored 321 thanks to their expert faculty. The counseling team's support and positive approach made every step of the process seamless. Special thanks to Mr. Dilip Oak for guiding me to the right university aligned with my goals and budget. I am deeply grateful to the Academy"

### Aaryan Kadam

Georgia Institute of Technology  
MS Business Analytics

Applying to business analytics programs was challenging, as each university had its own unique set of requirements. Oak's Academy supported me at every stage from drafting a compelling Statement of Purpose to reviewing applications and organizing visa documents. I would like to extend my heartfelt thanks to the entire team for their invaluable guidance throughout this journey.

### Siddhi Apraj

Carnegie Mellon University  
MS Artificial Intelligence

The teaching faculty played a crucial role in my GRE preparation, enabling me to achieve a score of 330. The counseling team guided me through the entire admission process, tailoring documents for each university. Mr. Oak's mock visa interview boosted my confidence and prepared me well for the actual visa interview. Huge thanks to the entire team for turning my dream into reality!
