Instructions:

1. From the checklist choose between 1 and up to a maximum of 5 areas of difficulty that you would like to be printed on your card.
 - Pick the areas you may need the most support with.
2. Click Next.

Please note:

Your full list of up to 10 areas of difficulty will be included on your QR code information. You can read more about this in the next section.

Section 5: QR Code

ADD ADDITIONAL INFORMATION TO YOUR QR CODE

A QR code is a 'Quick Response' code that, when scanned with a mobile phone, allows the user to quickly access information that is stored online.

The areas of difficulty you selected in Part A of the previous section will be shown when someone scans your QR code. You have the option of including additional information attached to your QR code on your Card.

You can add this additional information in written form and/or make a 3-minute video of yourself or a nominated person talking on your behalf. This can include the difficulties you may experience and how people in the community can assist you.

- If you have selected Epilepsy as an additional health condition, you have the option of uploading your Epilepsy Management Plan and/or Epilepsy Medication Plan.

Instructions:

1. Choose if you would like to add additional information linked to your Card via a QR code.
 - a) Select **NO** if you do not want additional information linked to your Card via a QR code then click Next and go to Page 19 of this How to Apply Guide.
 - or**
 - b) Select **YES** if you do want to add additional information linked to your Card via a QR code then move onto step 2.
2. Choose how you would like your additional information included.
 - You can select in writing, via video or both.

(Optional)

Applicants who live with epilepsy, you can upload your Epilepsy Management Plan and/or Epilepsy Medication Plan here, if you would like them to be displayed and linked to your QR code.

- a) Click Choose File to upload your document. This will open a new window.
 - We accept pdf, jpg and png documents.
 - b) Find the file you would like to add and click Open.
3. Click Next.

INFORMATION TO BE LINKED TO YOUR QR CODE

Your answers to the questions in this section will help you to make your video and/or provide written information that people will see if they scan the QR code on your Card.

Important:

For safety reasons please do not include your home address or phone number.

Instructions:

All the areas of difficulty you previously selected will automatically be shown when someone scans your QR code.

1. Using your own words, please write in the top text boxes provided how these areas of difficulty impact you and/or how people could assist you.

For example, you could write:

- *I have memory difficulties and need things written down for me.*
- *Because I have difficulty communicating, please give me more time to speak.*

2. Using your own words, please write in the bottom text boxes provided other things related to your disability/health condition - you would like people to know.

For example, you could write:

- *Please only call my nominated contact person if I ask you to or I have a medical emergency.*
- *Because of my disability I swear sometimes when I become agitated, please give me time to calm down in a quiet space.*

3. Click Next.

SCRIPT

You will only see this screen if you have chosen to make a video to be linked to your QR code. If you selected to add written information only for your QR code skip this section and go to page 19 of this guide.
