

INFO PACK

Welcome to 8T 2025 — Nomad’s annual community climbing competition. Whether you’re here for fun, progression, or to push your limits, 8T is all about bringing people together through climbing.

Competition Format

Qualifying Round:

- Runs October 20 – November 17.
- Competitors log their climbs at Annandale or Gladesville (or both).

Finals:

- Held November 20 & 21.
- Top climbers progress to finals for their category.

Scoring

- Climbs are logged on FingerComps.
- Each completed boulder problem is worth a set number of points based on grade.
- Your top 8 climbs contribute to your final score (flashes get you 1+ point).

Categories & Fair Play

- Nomad reserves the right to move climbers up categories at our discretion.
- If a climber has previously placed at other social competitions in their category, we strongly encourage them to enter the next category up.
- This helps maintain fairness and ensures the event is fun, competitive, and inclusive for everyone.

Team Scores

- Teams are made up of 3 climbers.
- A team’s score is the cumulative total of all three members at the end of the comp.
- Members of the same team can complete the same climbs — every climb still counts toward their individual and team totals.
- Teams can register in advance or be formed once qualifiers begin.

Circuit Points

- Individual gym circuit points will be available to claim throughout the comp.
- Circuits can’t be claimed on a set day if the circuit is incomplete (e.g. if some climbs of that colour are still being set or unavailable).
- A circuit send only counts if you complete all the climbs in that colour that are currently at that gym.

The Amazing Race

New for 2025 — a one-day multi-gym challenge for the adventurous.

- Climbers choose one circuit colour (e.g. Yellow, Green, Blue, etc.).
- In a single day, climbers attempt to complete the chosen circuit at both gyms (Annandale + Gladesville).

Scoring:

- Circuit scores from each gym are logged on FingerComps.
- Bonus points are awarded based on how you travel between gyms:
 - 🚗 Car = +100 points
 - 🚲 Bike = +200 points
 - 🏃 Run = +300 points

Important: You may only claim one circuit colour per Amazing Race attempt.

Logging Rules

- Climbs must be logged within 24 hours of completion.
- If there is speculation about the legitimacy of logged climbs, evidence or witnesses must be provided.
- We strongly encourage climbers to climb with friends or film sends 😊 — both to share the stoke and to keep results transparent.

Where to Log Scores

- All scoring (individual, team, circuit points, and Amazing Race) will be tracked on FingerComps.
- Individual circuit scores for each gym will be available at the start of the event.

Key Dates

- Qualifiers: Oct 20 – Nov 17
- Halloween Dress Party: Oct 30 🎃
- Finals: Nov 20 & 21

Sponsors

We’re proud to be supported by partners who share our passion for climbing and community.

- Scarpa — providing world-class climbing shoes and prizes.
- Climb High Club — backing the community with apparel, gear, and event support.

Their support helps us bring 8T to life and make it bigger and better each year.

Community Spirit

8T is designed to celebrate every climber — from first-time competitors to seasoned crushers. Compete with friends, join a team, or come solo and connect with the community.
