What we do, and who we are.

We provide 24 hours a day, 7 days a week, 365 days a year paramedic level emergency care. Along side our highly-trained paid professional staff, we have a roster of volunteers dedicated to serving our community. We operate independently out of the Manchester Public Safety Facility with 3 ambulances loaded with the latest emergency equipment. We are prepared.

The Rescue Squad and it's members are dedicated to our community, providing EMS coverage for numerous events in the area. We are also an American Heart Association training center, providing ongoing CPR and First Aid classes.

We are a non-profit 501(c)3 organization, governed by a board of trustees. Our financial resources are based on Subscription Program participation, donations, direct payment for services, insurance reimbursement and municipal support. We serve all, without concern for ability to pay.

Please note:

- To be in compliance with Medicare laws, we must charge the same rate per household no matter how many people reside in your home. You must list all those who are to be included.
- This subscription is for the time period of 8/1/26, or the date of receipt of application, if later, through 7/31/27.
- The Northshire Rescue Squad does not provide subscriptions to businesses. Checks received from a business will be considered a donation, unless a household is specified.
- **We provide emergency care to anyone in our service area regardless of joining this program or ability to pay.**
