Gastronomy at Es Racó d'Artà is part of our philosophy; respecting nature and the natural cycle of the ecosystem. Our menus reflect the seasonality of the vegetable products available at different times of the year, and the local supply chain available on the island.

The foods we put into our bodies have either a nourishing and healing effect or a detrimental effect on our system. We sincerely believe that our digestive system needs to be cared for on a daily basis for good health and well-being.
