

Human Soft Tissue Allografts

Soft Tissue Allografts are derived from human donors and undergo meticulous processing and sterilization procedures to ensure safety and compatibility for a wide range of procedures. These premium allografts enhance patient outcomes across diverse medical applications.

SurMatrix® Tendons

Comprehensive Solutions for Tendon Repair

SurMatrix® Tendon Allografts offer a comprehensive solution for tendon repair, encompassing a range of tendon types including Achilles, Patellar, Hemi-Patellar, Gracilis, Semitendinosus, Anterior Tibialis, Posterior Tibialis, Peroneus Longus, and Quadriceps. Meticulously processed and sterilized, these allografts are tailored to meet the diverse needs of clinicians and patients alike. With a focus on preserving the natural biomechanical properties of each tendon, SurMatrix® ensures optimal performance and integration post-implantation.

Product Name	Description	Size	Product Code	UPC

SurMatrix®	Peroneus Longus	Varies	0708	00810167291858
SurMatrix®	Quadriceps Tendon with Bone Block	Varies	0709	00810167293272

About Surgenex

Surgenex® is an industry-leading biotechnology company advancing patient care through innovative placental and musculoskeletal allograft solutions. Since 2015, we have been dedicated to developing and delivering safe, high-quality biologic implants that meet the highest standards of performance, quality, and regulatory compliance.

With a growing national footprint and a new 65,000+ sq. ft. state-of-the-art processing facility underway, Surgenex continues to expand its capabilities to meet the evolving needs of clinicians and patients with customized, innovative implants for a wide range of surgical applications.

Driven by a commitment to excellence, our team combines deep industry expertise, a robust quality system, and a dedication to exceptional service, reliable delivery, and meaningful outcomes.

Surgenex®—trusted innovation supporting those who serve.

Excellion® Process Differentiators

No Harsh Chemicals or Antibiotics

Our proprietary Excellion® process focuses on harnessing the natural benefits of the tissue with minimal manipulation.

Deceased Donor Tissue Handling

Tissue is carefully recovered under aseptic conditions and processed to maintain its inherent structural and biological properties.

Meticulous Quality Assurance

Surgenex® takes pride in assuring the highest technical quality and rigorous testing to ensure safety without compromise.
