

Human Bone Allografts

All human bone-derived allografts are meticulously processed under tightly controlled, validated procedures to ensure the bone tissue is effectively cleaned and sterilized while preserving its native biomechanical structure. Our proprietary demineralization process has been validated to induce a positive in vivo osteoinductive response.

SurMatrix® DBM Cancellous Strip

Advanced Demineralized Bone Matrix Strips

SurMatrix® DBM Strips are designed to deliver exceptional performance in a wide range of surgical procedures. These demineralized bone matrix strips offer superior osteoinductive potential, promoting effective bone regeneration. Engineered for flexibility and ease of use, SurMatrix® DBM Cancellous Strips conform to various anatomical sites.

Product Name	Description	Size	Product Code	UPC
SurMatrix®	DBM Cancellous Strip	25 x 10 x 5 mm	1901	00810167290325

SurMatrix®	DBM Cancellous Strip	50 x 20 x 5 mm	1907	00810167290387
SurMatrix®	DBM Cancellous Strip	50 x 20 x 7 mm	1908	00810167290394

About Surgenex

Surgenex® is an industry-leading biotechnology company advancing patient care through innovative placental and musculoskeletal allograft solutions. Since 2015, we have been dedicated to developing and delivering safe, high-quality biologic implants that meet the highest standards of performance, quality, and regulatory compliance.

With a growing national footprint and a new 65,000+ sq. ft. state-of-the-art processing facility underway, Surgenex continues to expand its capabilities to meet the evolving needs of clinicians and patients with customized, innovative implants for a wide range of surgical applications.

Driven by a commitment to excellence, our team combines deep industry expertise, a robust quality system, and a dedication to exceptional service, reliable delivery, and meaningful outcomes.

Surgenex®—trusted innovation supporting those who serve.

Excellion® Process Differentiators

No Harsh Chemicals or Antibiotics

Our proprietary Excellion® process focuses on harnessing the natural benefits of the tissue with minimal manipulation.

Deceased Donor Tissue Handling

Tissue is carefully recovered under aseptic conditions and processed to maintain its inherent structural and biological properties.

Meticulous Quality Assurance

Surgenex® takes pride in assuring the highest technical quality and rigorous testing to ensure safety without compromise.
