SUPPORTING YOUR PURCHASE

PERFORMAX INSPECTION

At Western Tractor, we are proud of our reputation as an industry leader in providing customers with service and product support on their equipment. Our fully trained and certified technicians can work on all makes of equipment and are specially trained on our core brands of John Deere, Briggs and Stratton, Kohler, Ariens, and Stihl. Call us today to schedule your maintenance inspection!

1 YEAR PARTS & LABOUR WARRANTY

EXCLUSIVE TO WESTERN TRACTOR

Receive an extended parts and labour warranty with a Western Tractor Performax Maintenance Inspection.

Genuine John Deere OEM turf parts come standard with a 6 month parts and labour warranty. BUT a Western Tractor Performax Maintenance Inspection gives you an exclusive 1 year parts & labour warranty on all parts installed by our factory trained technicians, giving you more value and piece of mind.

PICKUP AND DELIVERY

Don't have a way to get your unit to Western Tractor?

No problem!

For our residential and commercial customers, we offer a collection and delivery service.

Phone for pickup and delivery pricing.

@WESTERNTRACTOR

westerntractor.ca

"Downtime isn't an option for our operation, and Western Tractor helps keep our Gators running with proactive inspections, fast service, and reliable support."

"Downtime is simply not an option for our operation. We run a fleet of eight Gators across a large area of Alberta and Saskatchewan, and our machines need to work every day. John and his team at Western Tractor have been great to work with, providing quick support and getting us back up and running whenever an issue arises. We've also taken advantage of their inspection program, which has helped identify potential problems before they turn into costly downtime. Between their proactive approach, excellent service, and strong parts availability, Western Tractor makes it easy to do business with them and helps keep our equipment where it belongs, in the field and on the job."
