

Capabilities Listing

FAA Approved Repair N° FJTR920D

Corporate Flight Management, Inc.
dba Contour Aviation
693 Fitzhugh Blvd.
Smyrna, TN 37167
Phone: (615) 534-4600

Preface

This capabilities listing specifies the units that this FAA approved Repair Station, number FJTR920D, is authorized to overhaul, repair, alter, or maintain in accordance with the approved *Repair Station Manual/Quality Control Manual*. The purpose of the capabilities listing is to provide, in writing, a roster of the FAA approved units this Repair Station is authorized to return to service. This station will not maintain, alter, or repair any FAA-TSO approved item for which it is not rated according to this capability list. Any new components/accessories will not be approved for return to service until the update process of the Capabilities Listing, as described in the Repair Station Manual, has been complied with.

This capabilities listing has been prepared in accordance with the current Federal Aviation Regulations (FAR) and the business practices of Corporate Flight Management, Inc., DBA Contour Aviation. From this point forward, the manual will refer to the Company as Contour Aviation or CA.

This capability listing is maintained in a current revision status, and all revisions are subject to approval by the FAA. The list will be revised upon the addition of any new capabilities, following a self-evaluation, described in the *Repair Station Manual*, to ensure that the repair station has the required facilities, equipment, materials, technical data, processes, housing, and trained personnel in place to properly perform the work.

No more than thirty (30) revisions will be listed on the Record of Revision. The Revision Highlights page will change with each revision. All prior revisions will be maintained in a digital archive, which will be available for review upon request.

Electronic Manual and Digital Signatures

This listing will no longer be distributed in a printed version. The listing will be available to all personnel required to have access to this document via the company Intranet. The company Intranet site is only available to CA personnel on-site. Although review of documents contained on the Intranet are not password-protected, changes to the company intranet site are. The company Intranet site is available from all computers in the maintenance department, which are accessible to all maintenance personnel.

Contour Aviation utilizes the Portable Document Format (PDF) as the document management system to accomplish this task. PDF is a universal file format that preserves the fonts, images, graphics and layout of any source document, regardless of the application and platform used to create it. The Chief Inspector is responsible for the maintenance of the electronic manual and digital signature program.

The electronic listing is distributed via email or other electronic media. Authorized access for revision of the list is controlled through an electronic username and password protected system. The Chief Inspector is responsible for the distribution of the electronic manual.

The PDF system possesses an encrypted digital signature program that validates the digital signature. The digital signature of the user is validated through a username and password system that is mandatory for the digital signature of a PDF file. These control features provide verification of the signatory.

Record of Revision

Capabilities List Holder: _____

Upon receipt of revisions, sign this Record of Revision page and return it to Contour Aviation. Discard the obsolete Capabilities List.

Any revisions or changes to this manual must be approved by the Chief Inspector.

Return the acknowledgment form to the Chief Inspector at:

Contour Aviation

Ltd. Powerplant

Manufacturer Name	Model	Type Engine
General Electric	CF34-3A1 Series	Turbo-fan
General Electric	CT7 Series	Turbo-prop
Hamilton Sunstrand	T-62T-40C3A/3A1	APU
Honeywell	TFE731-4 Series	Turbo-fan
Honeywell	TFE731-20AR-1B	Turbo-fan
Lycoming	O-300 Series	Reciprocating
Lycoming	O-320 Series	Reciprocating
Lycoming	IO-360 Series	Reciprocating
Lycoming	O-540 Series	Reciprocating
Lycoming	IO-540 Series	Reciprocating
Lycoming	TIO-540 Series	Reciprocating
Pratt & Whitney	PW305 Series	Turbo-fan
Pratt & Whitney	PW545B Series	Turbo-fan
Pratt & Whitney	PT6 Series	Turbo-prop
Pratt & Whitney	PW617F-E	Turbo-fan
Pratt & Whitney	JT15D Series	Turbo-fan
Teledyne Continental	IO-240 Series	Reciprocating
Teledyne Continental	O-300 Series	Reciprocating
Teledyne Continental	O-470 Series	Reciprocating
Teledyne Continental	IO-470 Series	Reciprocating
Teledyne Continental	IO-520 Series	Reciprocating
Teledyne Continental	TIO-520 Series	Reciprocating
Teledyne Continental	TSIO-520 Series	Reciprocating
Teledyne Continental	TSIO-550 Series	Reciprocating
Williams	FJ44 Series	Turbo-fan
