Elm (-EESW)

Solid wood tops are standard with a clear lacquer finish – a natural linseed oil finish may be specified at no upcharge.

Lacquer – Standard is a clear coat of lacquer that is applied to the raw wood to enhance the natural characteristic of the wood and add protective coating.

No stains are available on any wood species – coloration is arrived by using different types of wood.

Linseed Oil – Optional Finish - Oiled Finish - A natural linseed oil is applied in several coats on raw wood – SPECIFY AT TIME OF ORDER.

This finish will have to be reapplied as it dries out on the product, so extended care is necessary.

Tops

Tops come in either round, square, rectangle, boat, or oval

Tops available in veneer, solid wood, Sealed white carrara marble, and 3form® Chroma, which is white acrylic with opaque backing. *Only certain sizes are available in marble and 3form® Chroma*
