Aleda Connect is our signature, cross-industry collaboration program. Curated and facilitated by experts, it's the learning experience of a lifetime. From leadership hacks to inspirational concepts, Aleda Connect will have a positive impact on you, and in turn, those you lead.

Aleda Connect was created to provide unique collaborative opportunities for leaders at the top of their fields.

We connect a small but diverse group of successful leaders who understand the challenges of high-level leadership. With them, they bring their willingness to share, learn and grow. Aleda Connect provides a supportive, confidential environment where creativity and connection are made.

“Thank you, this has been fantastic! It’s so great to learn from everyone and hear their thoughts. I’ve loved every second of it, that’s why I have signed up for another group.”

— Steve Kerr – Head Coach, Golden State Warriors

“It really is the best leadership programme I have ever been involved in, and it’s a privilege to be a part of it. The connections, knowledge, advice and learning I have taken from this are invaluable.”

— Paul Barnes – Director, Sport and Logistics, McLaren Racing

“It was an honor just to be part of the group, to be honest... I love the sessions. It’s one meeting I always prioritize because I really enjoy it... Everyone has a different perspective. We’ve finished the sessions, but we love it so much we are continuing with it.”

— Richard Oppy – VP, Global Brands, Anheuser-Busch InBev

Number of meetings, how frequently, what happens at these meetings...

- Aleda Connect is a 12-month program. The first eight sessions are held every two weeks, with sessions continuing every five weeks from there
- Meeting duration is 1 hour 15 minutes
- Each Aleda Connect group includes 5-6 participants
- Facilitators work to ensure sessions are held at a time that fits with your schedule
- Sessions are conducted via Microsoft Teams

“I think when you do anything at a reasonable level you end up in your industry bubble, and I think something like this – Aleda Connect – is a circuit breaker. That’s what I’ve really liked; you get a different terminology, a different way of thinking and it just doesn’t happen much unless you do something like this.”

— Rob Sitch - Director/Producer, Working Dog Productions

“It’s an incredible experience...

I realized since the age of 21, I’d never actually done anything for myself, you know? I put a lot of people around me to coach me, but this is just a group I feel really safe with.

I learn so much on these calls, it’s just amazing. I feel like I’m in hot house learning mode.”
