**INDEPENDENT AUDITOR'S REVIEW REPORT ON  
INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****TO THE BOARD OF DIRECTORS OF MEKDAM HOLDING GROUP Q.P.S.C.****Introduction**

We have reviewed the accompanying interim condensed consolidated statement of financial position of Mekdam Holding Group Q.P.S.C. (the "Company") and its subsidiaries (collectively referred as the "Group") as at 31 March 2026, and the related interim condensed consolidated statements of profit or loss and other comprehensive income, changes in equity, and cash flows for the three-month period then ended, and a summary of material accounting policies and other explanatory notes. The Board of Directors of the Group is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

**Scope of review**

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements as at and for the three-month period ended 31 March 2026 are not prepared, in all material respects, in accordance with IAS 34, *Interim Financial Reporting*.

#### **4. USE OF JUDGEMENTS AND ESTIMATES**

In preparing the interim condensed consolidated financial statements, executive management has made judgments, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income, and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty are consistent with those applied in the annual consolidated financial statements for the year ended 31 December 2025.

In applying the Group’s accounting policies, management has also exercised judgments, apart from those involving estimations, that have the most significant impact on the amounts recognized in the interim condensed consolidated financial statements.

The geopolitical situation in the Middle East has intensified since 28 February 2026, with ongoing developments creating secondary impacts across multiple countries in the region, including Qatar. These circumstances have introduced heightened uncertainty into the economic environment and caused disruption to certain business and economic activities.

Given the evolving nature of the situation, the extent and duration of any potential impact remain uncertain. The Group will continue to monitor developments closely and will reflect any relevant implications in future financial reporting periods in accordance with applicable IFRS Accounting Standards and regulatory requirements.

**29. FAIR VALUES OF FINANCIAL INSTRUMENTS (Continued)**

In accordance with IAS 33 "Earnings per Share", the Company has retrospectively adjusted the weighted average number of ordinary shares for all periods presented to reflect the bonus shares issued during the year.

The issuance of bonus shares resulted in an increase in the number of outstanding shares without a corresponding change in the Company's underlying resources. Accordingly, the comparative earnings per share has been Adjusted to reflect the revised number of shares.

As a result of this adjustment, the earnings per share for the comparative period has changed due solely to the increase in the number of shares, with no impact on the reported income for the period.
