The food stamps program has historically required most childless adult recipients to work, train, or volunteer at least 20 hours a week to keep benefits beyond three months.

A recently enacted law expanded the program’s work requirements to adult recipients up to age 64 and to parents of children 14 and older.

Q3. Do you support or oppose expanding the work requirement in this way?

SNAP is administered by the states, but funded almost entirely by federal taxpayers, with the federal government historically covering more than 90 percent of the program's total costs.

Q11. If your U.S. Senator voted to overturn new changes to limit waste, fraud, and abuse, would you be more likely to support a primary challenger to replace them, less likely to support a primary challenger to replace them, or would it not make a difference?

The SAVE Act would require all voters to prove their citizenship to vote. President Donald Trump has called on the Senate to not pass any legislation until they pass the SAVE Act.

Some have proposed tying the SAVE Act to the Farm Bill. This would mean that the Farm Bill would include legislation that requires voters to prove their citizenship to vote.

Q12. Do you support or oppose tying the SAVE Act to the farm bill?
