

Scale remote teams easily with Bloom's exclusive talent pool of college-educated English speakers from around the world.

1 How it works

- We make it easy to hire capable and college-educated people in just 4 steps:
1. Intro: Share your staffing needs, challenges, opportunities.
 2. Match: Our talent team matches top talent with your business needs.
 3. Interview: Our talent team coordinates preferred timing for interviews.
 4. Onboard: We prepare your hires to join timely and seamlessly.

2 Exclusive talent pool

Our exclusive talent pool includes 10,000+ college-educated English speakers, many of whom have already lived & studied alongside Americans.

This unique-to-Bloom approach means our team members have a mastery of the English language and US work culture that you won't find elsewhere.

4 Social-Impact Staffing

We're pioneering social-impact staffing, a win-win-win model that allows US companies to work with top talent abroad who can earn more money working remotely.

This mission-driven approach benefits everyone's bottom-line and ensures above average retention rates and performance metrics.

"Bloom is extremely dedicated to their customers and the vision of the company. Our Bloom team members are capable and fit into our existing teams seamlessly."
