The Certainty of God's Promise.

Nov. 7th & Nov. 8th, 2026

Read Hebrews 6:13-20.

1. What do you notice about God's promise to Abraham in **verses 13–15**? Why do you think Abraham's story would encourage people who were struggling to keep trusting God?

2. Where have you experienced the difficulty of waiting on God?

3. What helps us recognize the difference between something God has promised and something we deeply hope he will do?

4. In **verses 16–18**, why does God confirm his promise with an oath? What does this show you about his care for people who need reassurance?

5. How have your experiences with people keeping or breaking promises shaped the way you hear God's promises? What might help you trust that it is impossible for him to lie?

6. **Verse 18** describes people who have *"fled to take hold of the hope set before us."* What does that language suggest about our need for God, and where do you tend to turn when life feels uncertain?

7. What makes an anchor a helpful picture of hope in **verses 19–20**? What other things do we sometimes depend on to keep us steady?

8. Jesus has entered God's presence *"on our behalf"* as our forerunner and permanent high priest. How does that deepen your understanding of the hope this passage offers?

9. Read **Hebrews 4:16** alongside **Hebrews 6:19–20**. How might knowing that Jesus has gone before you shape the way you approach God with a struggle you are facing this week?

10. Who in your life is struggling to find hope? How might you help them?
