

Dixon Co-op Board Candidates 2026

Susan Akins

Many of you may know me already from Embudo Valley Library volunteering and working Thursdays at La Segunda. Lee and I joined this community in 2008 and love living here. In my career as a nurse-midwife, I served on several Boards, and most recently was on the Board at EVL. As a health care professional, I realize the importance of good, fresh food, and will work with the others on the Coop Board to help Dixon Coop continue to serve the needs of everyone in our valley.

Judy Meeter

My name is Judy Meeter and I have been a Board member and then Treasurer for the Dixon Cooperative Market for the last six years. Before retiring, I worked as the controller for an environmental consulting company. I believe that the DCM is a vital ingredient to a healthy community by buying and offering locally grown food, providing local jobs and by working to develop more sustainable and responsive food choices. I want to help insure that the DCM is fiscally healthy so that it can survive and thrive into the future.
