

1receipt®

we're replacing  
wasteful **paper receipts**  
with an unprecedented  
***e-receipt platform.***

# DEFORESTATION

- ❖ Australian retailers **destroy over 150,000 trees annually** to print over 10.6 billion paper receipts. (*UTS Business School Lifecycle Study*)
- ❖ Thermal paper requires virgin timber to print, but its toxic coating makes it **100% non-recyclable**. (*CSIRO & Planet Ark*)

# LANDFILL WASTE

- ❖ Australian retailers **print over 2.9M km** of paper receipt annually dumping **over 13.5M kg of waste** into landfills. (*UTS Business School Study*)
- ❖ Victoria dumps **over 2.7M kg** of chemical-coated thermal paper into landfills annually, concentrated across **Melbourne retail hubs**.

# RESOURCE DRAIN

- ❖ Australian paper receipt production **drains over 1.56B litres** of fresh water annually. (*UTS Business School Study*)
- ❖ Manufacturing thermal paper generates **over 96,200 tonnes of CO<sub>2</sub>** — equivalent to driving 21,000 petrol vehicles year-round. (*US EPA Metrics*)

# CHEMICAL TOXICITY

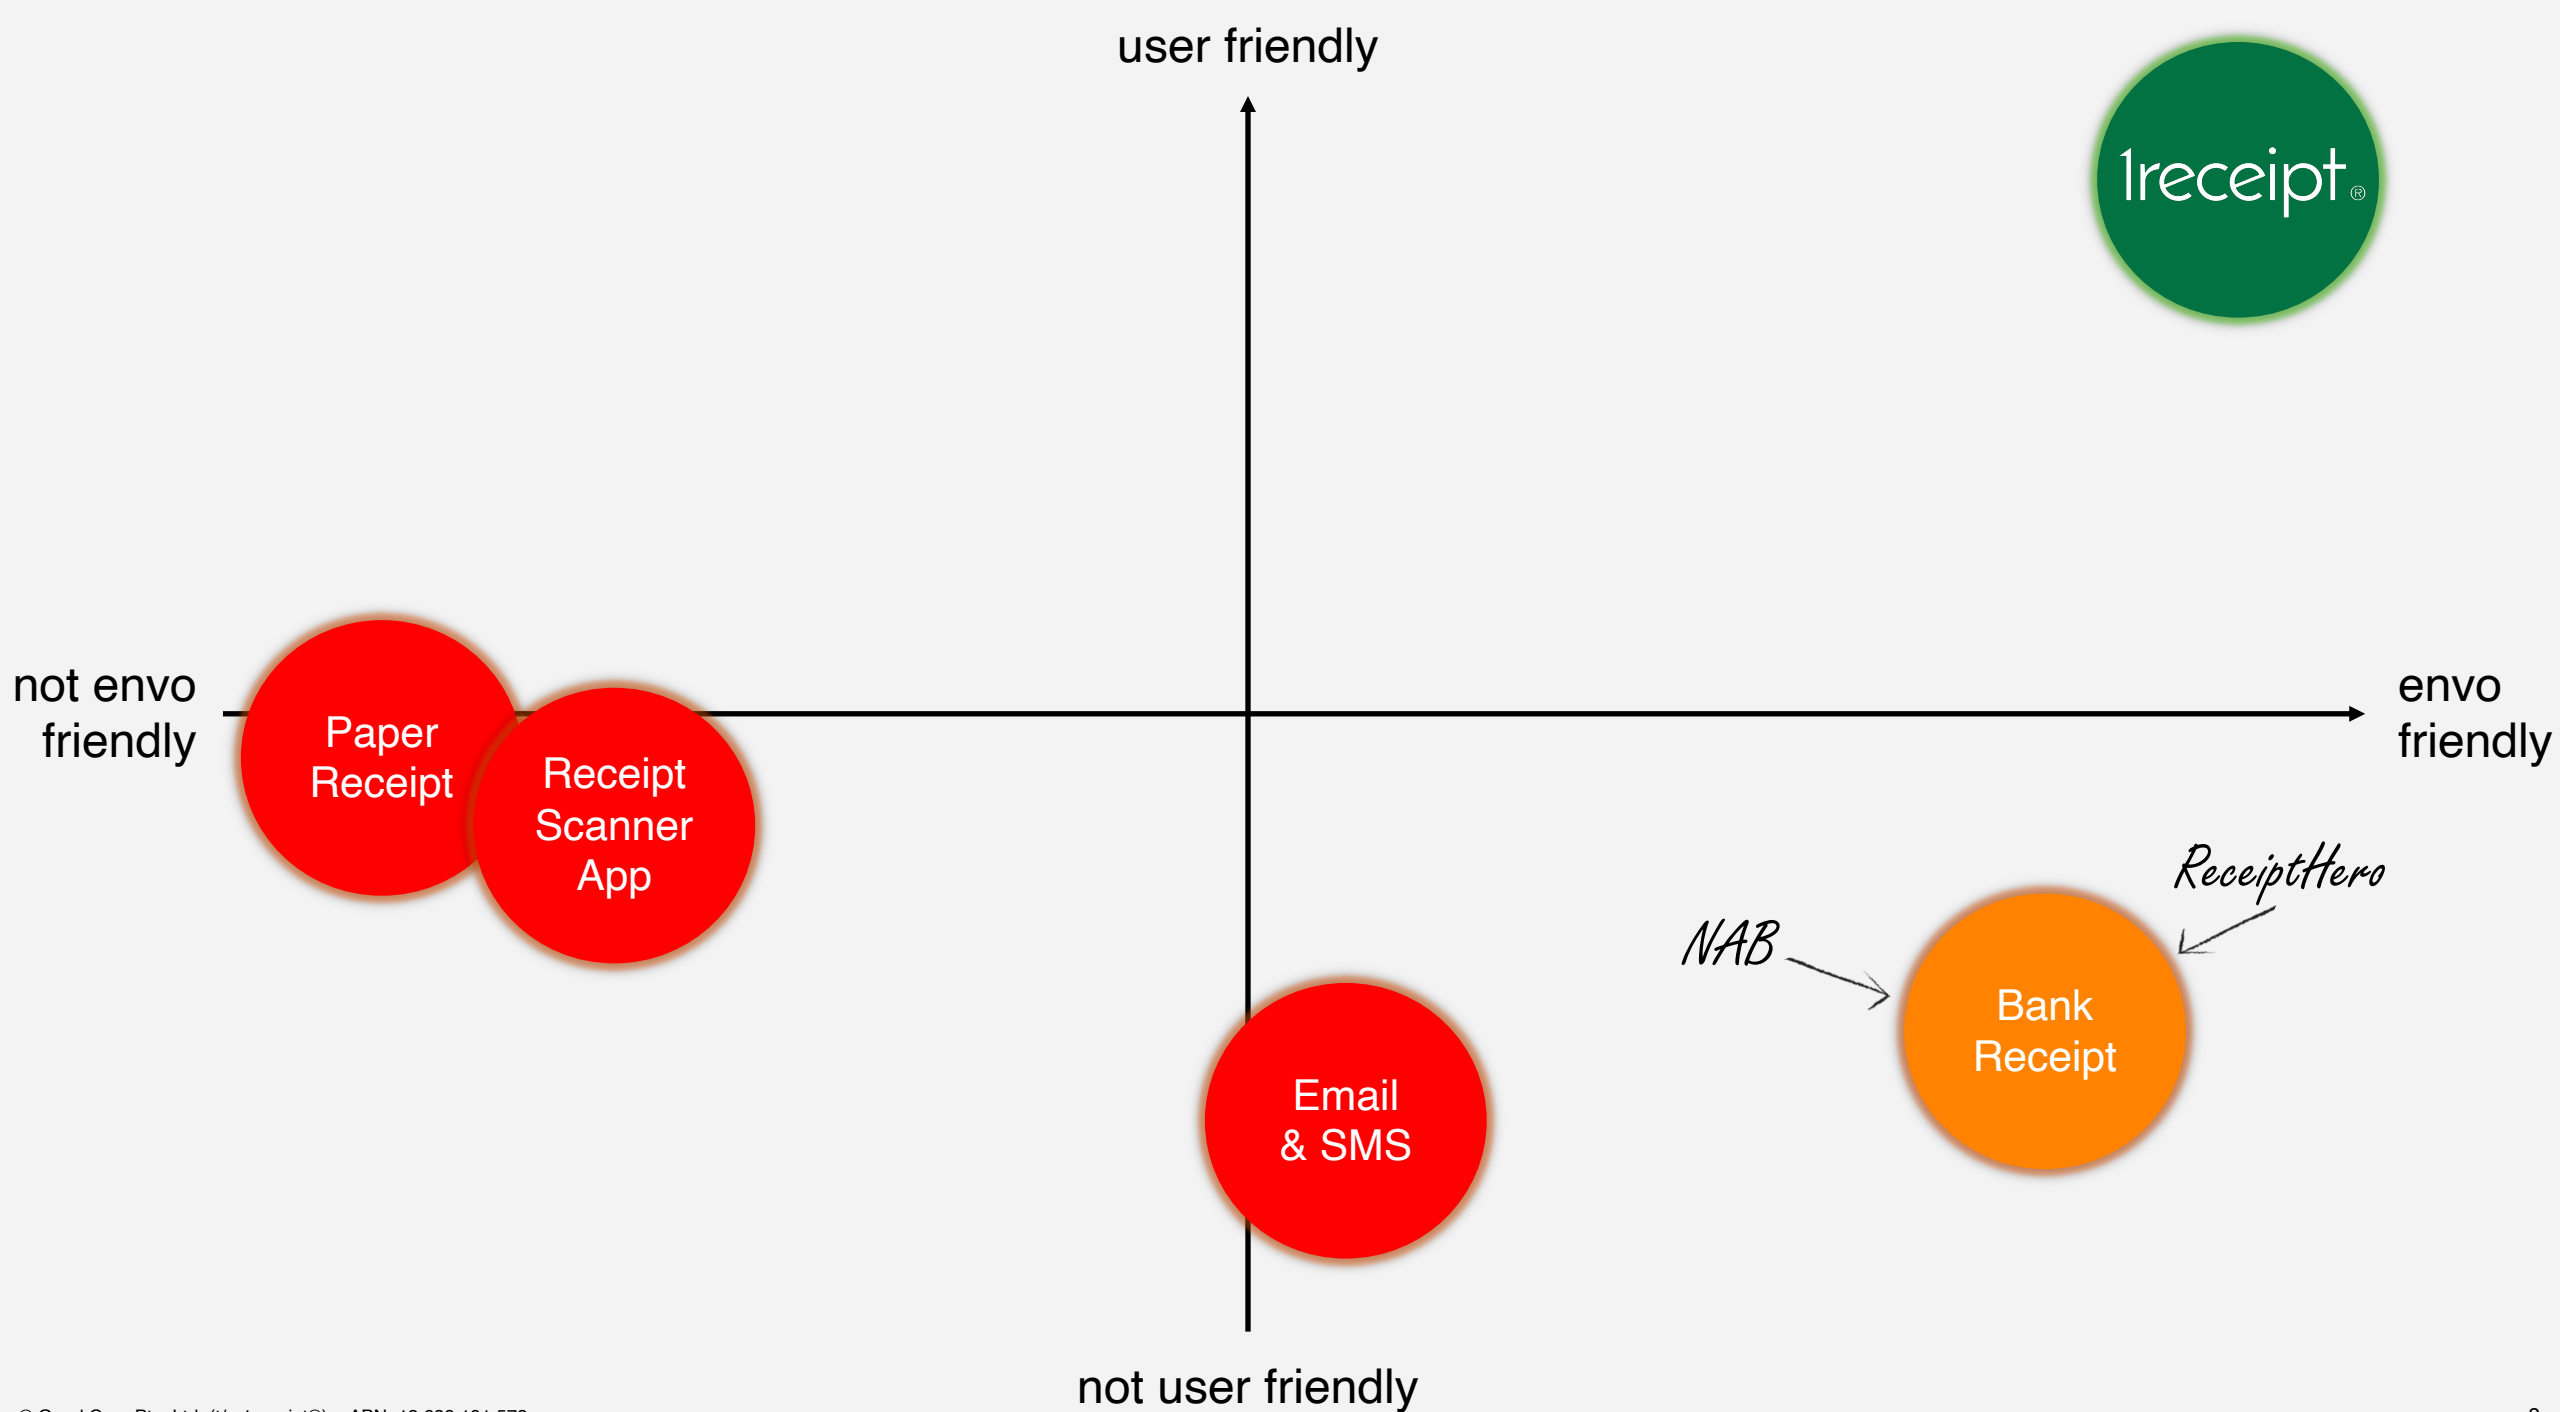

Over **80% of paper receipts** carry toxic BPA / BPS chemicals that absorb through the skin, **creating a daily health hazard** at checkout.  
*(US Ecology Center & JAMA)*

# RETAILER FINANCIAL DRAIN

Australian retailers **waste tens of millions** annually purchasing thermal paper, ink, and maintenance.

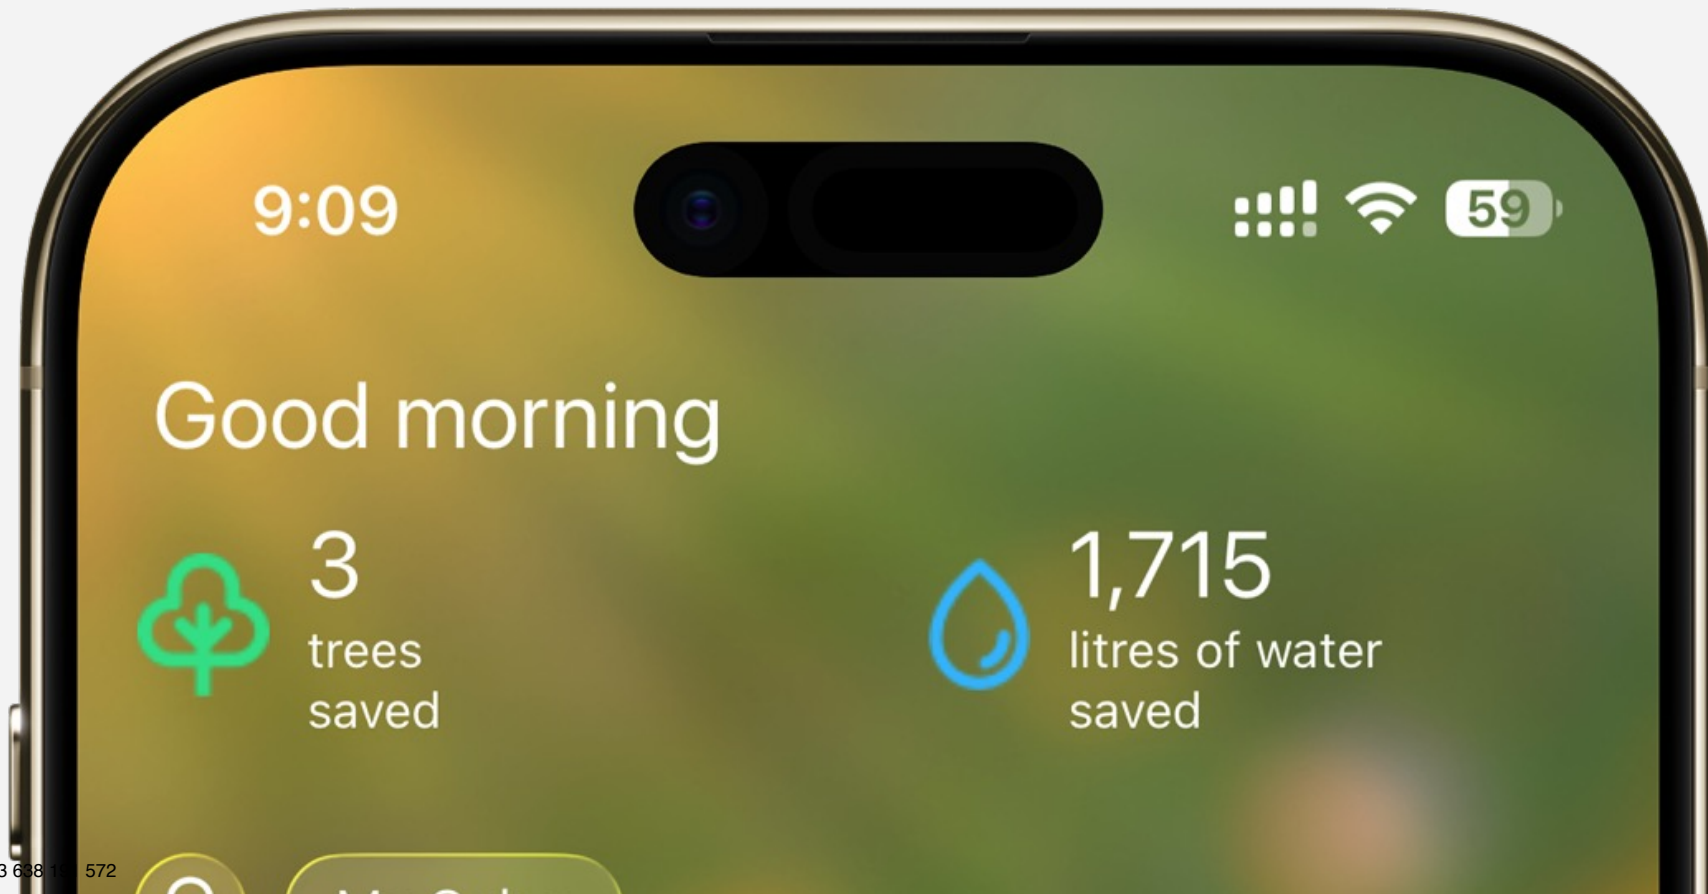

# manage all your receipts in **one** app.

With 1receipt:

- ✓ **0%** personal data shared.
- ✓ **100%** user control.
- ✓ Secure on-device processing.

Quantifying **personal impact** with  
every receipt saved.
