FAMILY MINISTRY AT THE JOURNEY IS ROOTED IN RELATIONSHIPS.

We walk alongside children, students, and parents, helping them take steps toward Jesus. Guided by our mission of becoming apprentices of Jesus by being with Him, being transformed by Him, and partnering with Him, we shape every interaction, gathering, and conversation around the goal of knowing Jesus more deeply and living out His mission together. This mission shapes not just the ministries we lead but the way we lead them.

From the nursery to high school graduation, every child and student is a person made in the image of God, called to know Him, love Him, and follow Him.

IS GOD CALLING YOU?

Are you passionate about discipling the next generation?

JOURNEY KIDS

In Journey Kids, we invite children to encounter God through age-appropriate, gospel-centered teaching and worship. We believe that when Jesus said, “Let the children come to me,” He was extending an open invitation to every child to know His love in ways they can understand. Our team partners with parents to help faith take root early and grow strong.

JOURNEY STUDENTS

In Journey Students, we walk with middle and high schoolers through some of the most formative years of life. We create communities where students are seen, known, and challenged to live as apprentices of Jesus in their homes, their schools, and their friendships. We help them ask big questions, wrestle with real-life faith, and step into the mission of God.

The Pastor of Family Ministry will shepherd these two ministries, leading teams of staff and volunteers who serve with humility, care deeply, and love well. This leader will help shape a culture where families are equipped, the next generation is disciplined, and everything we do points to the reality of life with Jesus.
