Innovation in Construction Products

Application Form

This award recognises a groundbreaking construction product or material that has transformed how projects are designed, built, or delivered. It celebrates innovation, sustainability, and performance, highlighting products that bring measurable benefits to the construction and design industry.

Please note your application should be no more than 10 pages (5 double sided sheets) and a maximum of 2500 words. Applications should be emailed to info@irishbuildinganddesignawards.com Or uploaded to the following link - Innovation in Construction Products clearly stating your company & product name.

Summary	In no more than 250 words summarise why your organisation/ product deserves to win this award.
Innovation & Technology	Detail the innovative aspects of your products, highlighting the inventive use of existing technology or development of new technologies that advances construction practices.
Objectives	Clearly outline the purpose behind the innovation—what problem it addresses, stakeholder motivations, and intended improvements.
Product Development	Detail the roles and collaboration of staff or project teams in implementing and delivering the innovation. Demonstrate cross disciplinary teamwork (e.g., R&D, engineering, site teams).
Impact on the Industry or End Users	Explain its originality, effectiveness, scalability, and alignment with industry advancement. Provide tangible evidence of successful application: performance data, user feedback, time/labour saved, cost efficiency, environmental impact, etc.
Sustainability	Summarise the benefits of your products to sustainability - Energy efficiency improvements, circular economy use, use of renewables, reduction in emissions etc.
Supporting Statements & Testimonials	Include testimonials, case studies, client endorsements, charts, photos, or other documentation that strengthen your submission.
Video Submission	Please provide a 2 - 3 minute video presentation on your product incorporating the above
