Digital Innovation & BIM Excellence Award

Application Form

This award recognises an organisation or team that has delivered an exceptional digital or Building Information Modelling (BIM) initiative. It celebrates innovative use of technology to enhance collaboration, efficiency, and accuracy in construction and design projects, setting new benchmarks for digital excellence in the industry.

Please note your application should be no more than 10 pages (5 double sided sheets) and a maximum of 2500 words. Applications should be emailed to info@irishbuildinganddesignawards.com Or uploaded to the following link - Digital/BIM Initiative of the Year clearly stating your company & initiative name.

Summary	In no more than 250 words summarise why your company deserves to win this award.
Digital Strategy & Vision	Demonstrate a clear digital strategy that aligns with the objectives of the project, business or organisation. Show how digital technologies and processes support wider strategic goals and contribute to improved project delivery or organisational performance.
BIM & Information Management Excellence	Provide evidence of effective implementation of BIM Standards, processes & information management. Demonstrating high-quality data governance and information accuracy throughout the project lifecycle.
Innovation & Originality	What new innovative digital tools, platforms, automation, AI, digital twins, reality capture, IoT, or other emerging technologies have you adopted.
Measurable Outcomes	Provide evidence of quantifiable benefits acheived through digital implementation - improved productivity, programme delivery, cost control....
Industry Impact	Detail the benefits (short, medium and long), including sustainability gains and potential for replication across future projects / organisations
Supporting Statements & Testimonials	List and explain the steps that your company follows to measure customer satisfaction. Please provide information of two client testimonials & references.
