

## FORMWORK SYSTEMS

### DURA-PIN FORMING STAKES

#### THE MOST DURABLE STEEL FORMING PINS/STAKES IN THE CONCRETE CONSTRUCTION INDUSTRY

Dura-Pins are made of high tensile strength steel so they last for many years. They are 19mm Round & available in a range of lengths.

The Nail/Screw hole pattern allows you to attach to your formwork at almost any angle. When using to secure wooden formwork ,Duplex Screws are the best choice!

These versatile screws make it simple to hold your projects together, but more importantly, remove your projects quicker and easier. It's the ideal fastener for temporary structures that must be erected quickly and removed with little effort.

PRODUCT	CODE	DESCRIPTION	UNIT
	98 135	Dura-Pin 19mm x 460mm Long with Holes	Each
	98 136	Dura-Pin 19mm x 610mm Long with Holes	Each
	98 137	Dura-Pin 19mm x 915mm Long with Holes	Each
	63 011.1	Duplex Screw 41.2mm x 355 per Box	Box
	63 000	Magnetic Bit Holder	Each
	64 020	Stake Driver	Each
	64 022	Stake Saver Driver Head	Each
